# COUNTY SUPERINTENDENT'S SCHOOL RECORD

For \_\_\_\_\_ County,

STATE OF TEXAS.

AS ADOPTED BY THE COMMITTEE OF SUPERINTENDENTS,  
Appointed on the 19th day of August, 1907.

## INSTRUCTIONS AS TO HOW TO USE THIS BOOK.

### TO THE COUNTY SUPERINTENDENT:

Observe the following simple rules and your RECORD WILL ALWAYS BE UP-TO-DATE AND EASILY KEPT:

- 1—Bring all old district balances forward from old records.
- 2—Ascertain balance of local and state and county fund in your County Treasurer's hands and charge your Treasurer's account with same, after deducting all outstanding, approved, unpaid vouchers.
- 3—The School Land Fund is an available investment fund. Ascertain amount in Treasurer's hands and charge his account with same, entering in "Other Source Column."
- 4—Get a list of all school land notes, if any your county has, and give each a Register Number from 1 up, and register in the Land Note Register. Afterward keep in touch with County Treasurer's collections and when one of these notes is paid record the payment of principal, on the Land Note Register, and as the interest on such notes belongs to the Available Local Funds, charge "County Treasurer's Account" with same, giving number of receipt Treasurer issued for same.
- 5—Be sure to charge "The Treasurer's Account" with all Miscellaneous Receipts—from rents, sale of old buildings, etc.. Review the County Treasurer's Receipt Stubs monthly for this purpose.
- 6—The Special Ruling at the head of each District is made in line with your State report. Keep this data up and when the time comes for your annual report it will save time and trouble.
- 7—Don't Fail to Number your Vouchers—Number them ahead consecutively, and monthly list all vouchers approved on County Treasurer by Funds and credit Treasurer's account with total of each fund. You will have true available balances in Treasurer's hands and "Out Vouchers" will not have to be reckoned with.
- 8—Number your Teachers' Contracts and file them in consecutive order, so immediate reference from "Essentials of Teachers' Contracts" to file can be had.
- 9—Each District Cash account is made for one year. Therefore, to save rewriting teachers' names, each month, provision is made, so that the teacher's name must be written only once, it being only necessary to give the voucher number and amount of voucher paid him each succeeding month.
- 10—As the schools do not open uniformly, a blank space is left in which you should write the months, thus: If your first pay-day is October, head the first column "October," the second "November," and so on.
- 11—Get number of receipts as issued by County Treasurer to Tax Collector and charge Treasurer's account with each, giving Receipt Number.
- 12—Keep up Independent School Treasurer's account, if you have Independent Districts, charging Treasurer with all collections from Tax Collector for these Districts and crediting the District account, and as this money is paid to Independent District Treasurers by your County Treasurer or Collector charge the Independent Treasurer and credit your County Treasurer.
- 13—Study carefully in review the whole record and make up your mind to keep it up in full and it will doubly repay you for your trouble, which will lessen as you get more complete system.
