IT'S A FACT!

The firm of McKinney, Williams and Company, established at Quintana in 1834 was the largest commission merchant firm in early Texas and was instrumental in the organization of the first legal bank in Texas, the Commercial and Agricultural Bank established in 1847. The firm made important contributions in financing the Texas Revolution and, later, the Republic of Texas

Ancestor Referral Service

The Fort Worth Genealogical Society's Ancestor Referral Service was established to bring together people who may be working on the same family lines. This service is free to each member of the Genealogical Society. (\$1.00 to non-members)

To use this service, please do the following:

1. Fill out the 3"x5" card printed by the society or your own card using the FWGS form for reference, on each ancestor. Give as much information as possible, listing children on the back if you like. But do include a PLACE AND TIME even if only an approximate date.
2. Include a pedigree chart with your cards.
3. Include a self-addressed stamped envelope.
4. Mail all the above to the Fort Worth Genealogical Society, P. O. Box 9767 Ft. Worth, Texas 76107.

SURNAME _____		last		first	middle	sex
Parents of above _____						
BIRTH _____		PLACE _____				
DEATH _____		PLACE _____				
MAR _____		PLACE _____		City	County	State
Date						
Name of Spouse _____						
Parents of Spouse _____						
Name of member _____				Date sent _____		
Address _____						
(Issue and other information on back)						
Return: Fort Worth Gen. Soc., Box 9767 Fort Worth, Texas 76107						

When your cards are received, they are compared to the cards in the file. If this information indicates two lines may be the same, both researchers are informed through your self-addressed stamped envelope. We ask that you then send another envelope to be placed in your file for future comparisons.

Please check the supply list elsewhere in this quarterly for prices of these cards.

Would you like to get in touch with others working on the same lines as yours? Please send in your cards today.

Also, please keep a record of the cards you send so you can up-date your cards when you have established new lines.

Ancestor Referral Committee

IT'S A FACT!

The first civil settlement in Texas, San Fernando de Bexar, was officially settled in 1731 on the San Antonio River, following nearly a decade of planning for colonization of the Spanish province. Military forces and missionaries had already been located at the site of an Indian village named San Antonio de Padua by Father Damian Massanet in 1691.

PARVIN

Am searching for information on Hosea Parvin who moved to Collin County, Texas in 1857 from Fulton County, Illinois. He appeared in the 1860, 1870 and 1880 census. In 1880 he was 75+ and boarding in McKinney, Texas. Have any biographical write-ups been done on the Parvin family?

Hosea Parvin was born in N. J. according to the U.S. Census records. He lived for a while in Indiana where my wife's great grandfather James was born. He was widowed and remarried in Fulton Co., Ill. Most of his family moved to Collin County, Tx. from Illinois. Several married in Collin Co.

A. C. C. Askins ended this life very suddenly on Monday the 22nd August 1859. He descended a well about 50 feet deep, and finding it difficult to breathe, those above commenced drawing him up, and when near the top, the damp, which had been forced up by means of an air pipe, become so dense that, on coming in contact with it, he suffocated and fell to the bottom, striking his forehead against a pick-ax. Both tables of the skull were broken and the body considerably mangled. The friends succeeded in drawing him up in about half an hour. He breathed about 15 or 20 minutes and expired. Our deceased brother was the son of Wesley and Nancy Askins, both of whom still survive and are residence of this city (Paris). He spent 16 of his 26 years in the service of God.

STEPHENS COUNTY, TEXAS, MARRIAGES
Book "A-B" 1876-1894

In the summer of 1971, two FWGS members (Shirley Brittain Cawyer, of Stephenville, and Nancy Timmons Samuels, of Fort Worth) spent several days at Lake Leon, Eastland County. During that time they began copying the marriage records of Palo Pinto, Eastland, and Stephens Counties, Texas. The Eastland County marriages were published in Footprints (Vol. 15, #'s 2, 3, and 4, May, August, and November 1972, and Vol. 16, #1, February 1973). The Palo Pinto marriages appeared in Footprints (Vol. 17, #4, November 1974, and Vol. 18, #'s 1, 2, and 3, February, May, and August 1975).

The Stephens County marriages were begun by Mrs. Samuels and continued by Mrs. Loretta Boggs, of Breckenridge, Texas. This occurred prior to the activities of the Regional Historical Resource Depository program and the County Records Inventory Project in that area. The copiers feel that the Inventory of County Records, Stephens County (published in 1975) does not adequately explain (on p. 27) the marriage records of the county.

In the county clerk's office is a large marriage record book entitled "Marriage Book A-B." This is the book which is checked by employees when searching for a marriage record. All of the marriages in the large book were typed from the original records some years ago. This typed book is the one which was copied—"A" is 33 pp., and "B" is 283 pp. To copy the marriages, the book was taken to the basement, below the clerk's office. This is where the "old records" are stored. At this time, a quick inventory was made of the records in the basement. The original marriage records were not found. In copying the typed marriages, it was noted that there may have been typographical errors, or perhaps mis-interpretations of some of the old handwriting on the originals. This is why an effort was made to locate any originals which might still exist.

All of the typed marriages were copied, except the last 83 pages. In the summer of 1977, Mrs. Samuels returned to Breckenridge to complete the marriage book. This was done in the clerk's office. Then she re-checked all of the copied records, to be sure none were missed or copied incorrectly. This took most of the day. About twenty minutes before the clerk's office closed, she went down to the basement for a few minutes' brousing. Alas and behold! there were the ORIGINAL MARRIAGE RECORDS, which apparently had appeared from somewhere, probably when the County Inventory program people began work in the county. It was too late to begin checking the copied marriages against the originals, but a quick inventory was made of the original books. Bound in white is Marriage Record 1 (1878-1909), Marriage Record 2 (1892-1907), and Marriage Record 3 (1907-1915). Marriage Record Books 4, 5, 6, et cetera, are bound in red. The book "Marriage Record 1 (1878-1909)" appears to be the same in content as the typed book, upstairs, entitled "Marriage Book A-B, 1876-1894."

The County Inventory Records Project is to be commended for its work in all Texas counties. As a result more old records have come to light and have been organized in a more accessible manner.

Stephens County (originally Buchanan County) was created in 1858 from

territory attached to Bosque County. By 1860 the county had perfected a form of organization and had a small 1860 enumeration, but, due to the Civil War, the organization was not lasting. It was not until the 1870s that a permanent organization was effected and not until this time that there was any increased settlement.

Prior to its second organization, the earliest settlers of Stephens County, for the most part, did their legal business in Erath or Palo Pinto Counties, and (on rare occasions) in Young, Jack, or Parker Counties. Those of Eastland County (also not organized until the 1870s) did their legal business in Erath, Comanche, or Palo Pinto Counties, and occasionally in Parker County. Erath County lost its earliest (pre-ca.1868) records by fire, but Palo Pinto County has lost no records. One will find many (perhaps most) of the marriage records of the earliest Stephens County settlers in the Palo Pinto County records, which began in 1857. See the introduction to the Palo Pinto County marriages, Footprints, Vol. 17, #4, November 1974.

The Stephens County marriages, published herein, are those copied from the typed marriage book in the clerk's office. The copiers are familiar with the county's early history and the names of its settlers. One copier, Mrs. Boggs, is a native of the county and a descendant of some of its earliest settlers. This served as a distinct advantage in copying the records. In addition, the marriage record names were also checked against the 1860, 1870, and 1880 censuses of the county.

[End of typed Marriage Book "A-B" 1876-1894, Stephens County, Texas]

Compilers' notes:

This "A-B" marriage book is the same as the white bound original book, Marriage Record 1 (1878-1909). The book stops with only two 1894 marriages and one 1909 license. Few 1884 marriages are in the book, not all of the 1892 marriages are in the book, and no 1893 marriages. These may be in the original book, Marriage Record 2 (1892-1907).

The typed marriage book, published herein, contains a number of typographical errors and a number of mis-interpretations in names and initials. We have reproduced it verbatim. We suggest that anyone desiring a marriage record from Stephens County should ask for a photocopy or a Xerox copy of the original marriage record, in the original handwriting.

HANSON CEMETERY

Located about two and three fourths miles out of DeLeon, Comanche County, Texas on Highway 16. Turn left through a locked metal gate just as you approach the Sabanna River bridge. The cemetery is located in the North West corner of this farm, formerly owned by a Hanson family, now owned by David Edward Clayton of Stephenville, Texas. The cemetery covers about a fifty foot area, is fenced with barbed wire, and has grown up in old iris, brush and weeds. Many of the graves have caved in and varmints have dug into them. Copied 19 March 1980 by David Clayton and Shirley Clayton Cawyer of Stephenville.

Book Reviews

by PATRICIA CHADWELL

Nutt, Merle C.: The Nutt Family Through the Years, 1635-1978.
Second edition. Order from the author, 2119 W. Edgemont
Ave., Phoenix, AZ 85009. \$10.00 plus handling and postage.

We have learned over the years to expect excellent family history from Dr. Nutt, and this latest offering is no exception. It is of particular interest to Texans because Chapter 9, which is entitled "The Outstanding Nutts of Texas" has an interesting account of the Nutts of Granbury and Hood County.

The one major flaw in this publication is its extremely sketchy index, which in three pages purports to index 270 pages of text. It has long been our opinion that no index is worse than a bad index, because readers are misled by a bad index to overlook valuable data. Readers are warned to cover books such as this page by page to avoid missing important information.

Gonzalez, Catherine Traxell: Rhome, A Pioneer History. Burnet, Texas, Eakin Press, 1979, 384pp, indexed. Order from Eakin Publications, P. O. Box 178, Burnett, Texas 78611. \$18.50 plus 5% sales tax to Texas residents.

Mrs. Gonzalez has written a local history which is a genealogist's delight; that is, the annals of the people, famous or known only to their neighbors, whose work built the community. Professional historians heap scorn on this sort of book, preferring those done by their own, which look at local history in its relation to great sweeping trends; however, the family historian finds these nearly useless. Mrs. Gonzalez has demonstrated the effect of the broad national trends on this little Wise County town, yet has chronicled the minutiae of daily life down through the years to give the reader an insight into the role played by individuals and institutions in the making of the community.

Extensive footnotes demonstrate that much research has gone into the making of this volume. Numerous photographs accompany the text. The book is well indexed, and the format is attractive. Those interested in Wise County should consult this book.

Parker, Carolyn Edwards: Stephen Pridgen, 1832-1864. Auburn, Ala. 1970. No price given. Contact author, P. O. Box 584, Auburn, Ala. 36830.

The first aspect of this book which catches the eye is the attractive endpaper which lists, in various styles of writing, the occupations, honors and hobbies of families in the book, an idea which might be useful to other family historians.

The books consists of a brief biography of Stephen Pridgen, who died a prisoner of the Yankees at Camp Chase in Ohio, accompanied by the seventeen letters which he wrote to his wife, Martha Sanders Pridgen; Genealogical data on the family of Stephen Pridgen; "When

Dovie was Young", an account of a young girl; life in the Alabama of the 1880s and 1890s; Pridgen records in Southeast Alabama; and miscellaneous Pridgen records.

The book is well indexed, nicely illustrated with photographs, and easy to use.

Cooper, Clarence L.: Cooper Family Index. Houston: Author, 1978. Order from the author, 7118 Shady Mill Drive, Houston, Texas 77040. \$18.95, plus \$1.50 postage.

The subtitle of Mr. Cooper's book, Southern United States Federal Population Censuses 1790-1850, is far to modest because this index also includes listings from tax lists, state and territorial censuses, and the 1792 Spanish census of Mississippi. He has done those persons working on the Cooper surname a great service by bringing together this material.

However, \$19.45 seems a great deal of money for 75 multilithed pages in a paper binder, when the material is readily available in sources held by most genealogical libraries. Nonetheless those researchers who do not have easy access to a major genealogical collection and those who are willing to pay for the convenience of not having to search multiple indexes may find this price acceptable.

Johnson, Col. Glen Robert and Martie Delorean Roberts Johnson: Our Ancestors, Volume I: Johnson, Smith, Hampton, Payne, Pace. Baltimore: Gateway Press, 1979. Order from the author 6070 Highland Circle, S., Mobile, Ala. 36608. No price given.

The Johnsons have compiled an interesting, well-documented narrative, which could only be improved by a tabular chart of the family covered in the narrative. They have done such a chart in Chapter Six, which they call "Genealogical Summary", but have listed no dates and places for any of the persons shown. This fault is partially mitigated by an excellent index, and we hope that the three forthcoming volumes of Our Ancestors will include a tabulation of full genealogical data, which will make them among the finer examples of family histories.

IT'S A FACT!

Gail Borden Jr., who came to Texas in 1829, was responsible for several Texas "firsts". He was a publisher of the first newspaper in San Felipe, the Telegraph and Texas Register; he prepared the first topographic map of Texas; he helped plat the site of Houston; he invented a portable bath house for ladies who wished to bathe in the Gulf of Mexico; he experimented with large scale refrigeration; he developed processes for condensing milk and various fruit juices; and he founded the Borden Milk Company.

WHERE IS THAT FAMILY BIBLE ?

BY

Billie Beth Moore

The title of this article is the question asked by many of our genealogists---and your Bible Records Committee Chairman is no exception. As most of you know, many family Bibles become lost, are burned, destroyed, or just thrown away; thus sending their precious records out of the reach of those who care.

The collection of Bible records in the Genealogical Department of the Fort Worth Public Library is comprised of (1) the hand-copied and photocopied records presented to the library for safe-keeping and (2) the many Bible records published in the various genealogical periodicals.

There had not been a full index to these Bible records, therefore, in 1973 it was decided that a card file would be made of all the available Bible records, beginning with the "unknowns" in the periodicals from all over Texas. Each card shows the family name, and all other surnames mentioned in the record.

Of course, the older a Bible is, the more valuable its record becomes, simply because there was no recording of births or deaths prior to 1900. When one hand copies a record, the title page should be copied just as it appears in the Bible. This will usually give the date the Bible was published.

We will all agree that when possible the record should remain a part of the Bible, and should not be torn out. But, should the Bible be so old that it has come apart, the source will still stand as genealogical proof and verification of the record as written.

Should you have a Bible record which you would like to preserve and share with genealogists everywhere, you are urged to send a carefully copied duplicate or Xerox copy to the Fort Worth Genealogical Society. We would like to print it with your permission in our quarterly FOOTPRINTS.

Please remember that when copying a Bible record, do not change any part of the record. DO NOT correct misspelled words, DO NOT change wrong dates. If you have any comments to add, do so on a separate page or at the bottom of the record.

If known, tell where the Bible is now, if not in your hands. Also give the name and address of the person submitting the record.

In view of the many disasters daily, the longer we wait to obtain a record, could mean the loss of that same record. The Bible record on your shelf helps only you...in the library or printed in a quarterly helps many. So please send in yours today!

LEE CEMETERY

About five miles south and west of Leonard, Fannin County, Texas. Cemetery is on the right side of the road traveling west and is fenced with a chain link fence. Dominating the cemetery and in the center is the stone for:

CAPT. BOB LEE

son of Don W. and Polly Davis Lee

Served under Gen. Forrest in the Civil War

Shot from ambush and died near this spot, June 1869

Stone erected by grandson Dial H. Elkins

Many stones were unreadable. One was a large part of a tree with a 3-4 inch groove cut in the center. Fitting into this was another large slab with the bottom carved to fit into the groove on the first. No name was readable, but much work and love obviously went into the making of this marker.

UNNAMED CEMETERY

Go FM 78 west of Leonard, Fannin County, Texas. Just past the Trenton sign and past FM 981, go to third road to the left and follow until it turns west. After crossing a bridge turn into a pasture on the right. Spot three old pecan trees and a pool dam. Drive over the dam and the cemetery is near the trees.

This plot is about 36' x 60' and was fenced and loved at one time as evidenced by purple iris still blooming among the grass that now covers it. Several graves are marked by boards and tin plates which are now unreadable. Copied by Jerry Kelly of Arlington, Tx.

We then drove toward Pike, Collin County, Texas and asked permission to copy a cemetery on the Sharp pastureland (toward Callis, Tx.). We went through the fence and walked about 1/4 mile into the pasture to the cemetery. It is in a clump of trees and briars. At one time had a fence which is now fallen down. Most markers are

unreadable, one marked by a split tree.

When these families buried their loved ones on this hilltop surrounded by peaceful farmland, with the Chisholm Trail cowtown of Fort Worth visible off to the west, it is doubtful that they could have foreseen how civilization would overtake the little cemetery now surrounded by Ramada Inn.

Book Reviews

by PATRICIA CHADWELL

Ericson, Joe E. JUDGES OF THE REPUBLIC OF TEXAS, 1836-1846.
Privately Published, c1980. 350pp. Regular Ed. \$20.00,
Deluxe Numbered Edition \$27.50. Order from the author,
1614 Redbud Street, Nacogdoches, Texas 75961.

The name Ericson on Texas genealogical or biographical material has come to equate with excellence; JUDGES OF THE REPUBLIC OF TEXAS is no exception to this rule. The book is a biographical dictionary of the men who made up the bench of the Republic. Mr. Ericson has listed sources of the information about each man, but, wherever possible, the sketches are very complete, and include a great deal of family information, which enhances the value of the book for the genealogist.

A number of photographs have been included. The book is printed by Taylor Publishing Company of Dallas, a firm whose ability to produce an attractive book of quality format has mushroomed in recent years.

The Biographical Sketches are in alphabetical order and persons of other surnames included in the sketches are indexed. An appendix lists the biographees by position and county.

This book would be a good reference purchase for all but the smallest Texas libraries; for major genealogical collections elsewhere, and for individuals interested in the place and the period, or in collecting Texana.

Kelsey, Mavis P. THE FAMILY OF JOHN MASSIE 1743-c1830 REVOLUTIONARY PATRIOT OF LOUISA COUNTY, VIRGINIA. Privately published, c1979. \$35.00. Order from Dr. Mavis P. Kelsey, 2 Longbow Lane, Houston, Texas 77024

This carefully researched family history brings descendants of selected lines originating with John Massie of the title down to the present. One could wish that Dr. Kelsey had noted the sources of his information, although he does include transcriptions of pertinent documents in an appendix following the narrative history of the family, and occasionally indicates sources within the narrative.

The book appears to be well indexed. It is printed by offset from a typed manuscript, and bound in an attractive paper cover. Those with Massie connections will want to investigate

WHERE IS THAT FAMILY BIBLE ?

BY

Billie Beth Moore

The title of this article is the question asked by many of our genealogists---and your Bible Records Committee Chairman is no exception. As most of you know, many family Bibles become lost, are burned, destroyed, or just thrown away; thus sending their precious records out of the reach of those who care.

The collection of Bible records in the Genealogical Department of the Fort Worth Public Library is comprised of (1) the hand-copied and photocopied records presented to the library for safe-keeping and (2) the many Bible records published in the various genealogical periodicals.

There had not been a full index to these Bible records, therefore, in 1973 it was decided that a card file would be made of all the available Bible records, beginning with the "unknowns" in the periodicals from all over Texas. Each card shows the family name, and all other surnames mentioned in the record.

Of course, the older a Bible is, the more valuable its record becomes, simply because there was no recording of births or deaths prior to 1900. When one hand copies a record, the title page should be copied just as it appears in the Bible. This will usually give the date the Bible was published.

We will all agree that when possible the record should remain a part of the Bible, and should not be torn out. But, should the Bible be so old that it has come apart, the source will still stand as genealogical proof and verification of the record as written.

Should you have a Bible record which you would like to preserve and share with genealogists everywhere, you are urged to send a carefully copied duplicate or Xerox copy to the Fort Worth Genealogical Society. We would like to print it with your permission in our quarterly FOOTPRINTS.

Please remember that when copying a Bible record, do not change any part of the record. DO NOT correct misspelled words, DO NOT change wrong dates. If you have any comments to add, do so on a separate page or at the bottom of the record.

If known, tell where the Bible is now, if not in your hands. Also give the name and address of the person submitting the record.

In view of the many disasters daily, the longer we wait to obtain a record, could mean the loss of that same record. The Bible record on your shelf helps only you...in the library or printed in a quarterly helps many. So please send in yours today!

To the Honorable, the Senate and House of Representatives of the Republic of Texas Congress assembled:

The petition of the undersigned citizens and inhabitants of the County of Red River, respectfully represents: That, whereas the seat of Justice of Red River County has been located agreeably to the mode prescribed by law, at the town of Clarksville, and whereas liberal donations have been made by the proprietors of said town, for the use of the County, now, therefore, we do not wish to relinquish the donations made for building public buildings or other county purposes, and whereas portions of the citizens of the County have in circulation petitions for the erection of new counties, above and below the present seat of Justice of Red River Co. we therefore pray your honorable bodies, that in subdividing our county and creating new ones out of portions of the same, you will take our condition into consideration, and not permit the boundaries of either of the contemplated new counties to infringe upon our constitutional limits. And we further beg leave to remonstrate with your honorable bodies, against permitting the lower boundary line of the projected new county immediately above us, to commence at, and run due south from, Simmons's Bluff on Red River, as such line would run too near our present seat of Justice, and as your petitioners verily believe, would run within eight or ten miles of Clarksville. Your petitioners beg leave to suggest that a line commencing at a point about twenty miles due west of the present seat of Justice of Red River Co. and running due North to

to Red River and due South to Cypress Creek, would meet the views of the petitioners for a new County above us and would not interfere with our arrangement or our constitutional limits. And a line drawn due [blot] from Shaw's Ferry on Red River not be an objectionable boundary between us and those who petition for the creation of a new county below us. The territory between the Sulphur Fork and Red River, throughout the limits we claim, is of an average breadth of about twenty-five miles and contains almost the whole population, as there are but few settlers between the Sulphur Fork and the Cypress. We therefore pray that, in erecting new counties out of parts of Red River Co. your honorable bodies will take into consideration our rights and interests, and constitutional limits, and we, as in duty bound, will ever pray,¶

MITCHEL BEND CEMETERY

To reach this cemetery take S.H. 144 south out of Granbury, Texas. Go out until you come to the second FM road 2425. This road makes a loop and comes out on the road twice. Go east on 2425 for two miles, turn right right onto the gravel road, there is a sign there that says 'River Country Estates' and the road divides. Go three miles on the gravel road. (It doesn't have a number.) Turn right onto the narrow dirt road. The cemetery is about 1/4 down this road. It was in very poor condition. Copied by Mrs. Leslie Glasscock.

THE PAMPA DAILY NEWS

Taken from the Pampa Daily News of Pampa, Texas, August 6, 1950; some interesting items about the early settlers of Gray County, Texas as found in an old scrapbook kept by Mrs. Luther Petty, whose father was C. E. Francis. Mr. Francis was a member of the school board for School District No. 1, Township: Forty Three, Pettis and Benton counties, Missouri during 1895 and 1896. Unfortunately Mrs. Petty used the old school ledger belonging to her father as her scrapbook. So, the newspaper items from the Pampa Daily News are glued over the interesting pages of the ledger, which show School District Meetings, a List of Resident of Taxpayers and a group of Teacher's Contracts. Copied for us by Colleen Morse Elliott.

Bill Green, came to Goodnight ranch near Clarendon where he worked for 27 years. There were six voters in Gray County (Texas) when he arrived in the Panhandle from Johnson County (Texas). Green was born in Rome, Georgia in 1861 and recalls in the Old Pampa Press his job of driving cattle from Louisiana to Texas on horseback, subject to great stampedes, swimming rivers and other interesting happenings in the early history of the Panhandle. He recalls that in the year 1889, a young man named Homer Miles, who had been reared in McLean (Gray Co., Texas) and worked for a man by the name of Coplin, had been ill for about two years. It was decided he should have a doctor and should come to Pampa until one could be found. Arriving in Pampa, he went to Jim Rider's barn and lay down on the hay, while Coplin went in search of a doctor. The young man died before the doctor arrived and the cause of his death was leprosy. They put him in a coffin made of boards from John Henry's barn; as lumber had to be brought from Mobeetie (Wheeler Co., Texas). The body was cremated in the coffin and....thought advisable to burn the barn and everyone burned the clothing they had on. Judge Wilson and Granddaddy Green dug the grave and held services. The remains lie at Fairview Cemetery.

In 1890, three men, Clarence Law, Jim Alton and Bill Green were traveling along toward the North Fork of the Red River north of Pampa....had been several days without water....met John Boundard on the trail....lead them to some water....advised them not to drink too much at first, but Law shouted he would not be told what to do....drank too much and died thirty minutes later with cramps.

Dateline: Lefors, Gray County, Texas:

Henry Thut, his wife Anna Lang, her sister Emma Lang, all originally from Switzerland, unable to speak English, came to the area in 1884 from a Swiss colony in Frankfort, Kentucky. The ways of the cowboy soon acquired from Perry leFors (had been in Lefors since 1878); he married Emma Lang in 1887; another of the Lang girls, Lena and her husband Alex Schneider, came in 1885 and settled in Lefors; he owned the Schneider Hotel in Pampa; went back to Switzerland and on his return purchased the Holland Hotel in Pampa. Others living near Lefors about that time: J. E. Williams, J. C. Short, H. V.

Lovett, Silas Faulkner and J. A. Hopkins. In 1896 E. E. Gething brought his bride "Nannie" from England. (Pictures of the Lang girls also with these clippings.)

STORIES OF EARLY DAYS RELATED BY PIONEER. H. B. Lovett, former Pampa resident and buffalo hunter...born in Dallas County, Texas, 21 September 1858, moved to Potter County at age of four; when 18 joined a band of buffalo hunters employed by the Murfee & Humkenn Company under leadership of Tom Sisk...made their summer home at Fort Elliott, near Mobeetie (tells much about buffalo habits; hunting procedure, etc.) Sisk disbanded the group; Lovett headed for the Brazos River where he stayed until 1897 when he returned to the Panhandle; about this time a roving band of hostile indians raided a ranch owned by a German family on McClellan Creek southeast of Pampa; killed father, mother and brothers of the family before the eyes of the sisters and took them (sisters) captive; soldiers were dispatched from Fort Elliott under the leadership of Lt. Baldwin in pursuit of the girls...ending in Kansas. Mrs. Lovett joined her husband here in 1885 (Pampa), riding a train to Vernon which was as far as the railroad ran at the time...traveling the rest of the way in a freight wagon. Mr. and Mrs. Lovett were married in Weatherford in 1885; their first home consisting of a dugout 10 x 12 near Lefors. His first job was Tax Collector for Henry Rogers at Henrietta; began ranching in 1880, worked for the OT, A and Barrow Ranches. In 1929 established one of the largest ranches in the territory.

ALANREED PIONEER RECALLS RAIDINGS BY APACHE INDIANS. George Ed Castleberry, pioneer Panhandle farmer and rancher, born 26 May, 1877 in Parker County, Texas, married Ella Pierce on August 20, 1893 when he was 16 years old and she 15. As a child Castleberry lived in Wise County with his parents...during which time indians were often on the rampage in that section. They were the parents of two children: a daughter Lessie and a son, Olin. Mr. Castleberry is 73 years old and his wife 72 (1950); will celebrate their 57th wedding anniversary on August 20. (Picture of Castleberry and Neal Hayden.)

PROCK FAMILY OF ALANREED FIRST CAME IN WAGON TRAIN. When Mrs. Sophia Prock came to Allanreed October 17, 1911...in wagon train of four wagons from Hollis, Oklahoma, she and her eight children bought a farm near Allanreed; raised cotton. She came originally from San Antonio where she was born 19 January 1861, married her late husband Andrew J. Prock on January 2, 1881 and lived near Waco at first where all their children were born. He died in Waco in December 1898. In

1899 she left McLennan County with her children and moved to Old Greer County, Oklahoma and settled three miles east of Witt Post Office. (County later divided and her home was then located in Harmon County, Witt later became Hollis and the family left there in 1911.) Their children were; Will L; Ann (Mrs. L. E. Matlock of Dallas); Grover Cleveland of Austin; Lillie M. (Mrs. J. A. Darnell of Alanreed); Lawrence of Canyon; Adlai of Allanreed; and Harry Prock. David I. Prock, another child is deceased. Mrs. Prock is nearing her 90th birthday and lives in the southern part of Alanreed (1950).

...when Sam Brown first came to the Panhandle in 1901 at the age of 21, he established the first and probably the only broom factory in this section of the country. He was born 6 October 1875, the son of Mr. and Mrs. J. A. Brown of Lebanon, Tennessee. He came to Texas in 1901 and settled at Rowe Switch near Hedley, married in 1910 to Miss Fannie Smith daughter of Mrs. Mattie Smith of McLean.

...one time mayor and longtime citizen, the late T. D. Hobart first came to the Panhandle area in 1886 as a land agent; he was born 6th October 1855 at Berlin, Washington County, Vermont. Here his father was born, his grandfather had settled and his great-grandfather spent his last years (Vermont). Educated in the Berlin schools, the Barre Academy and the Vermont Conference Seminary; taught school and was at one time superintendent of schools. In 1882 he left Vermont for the west, landing at Palestine, Texas on November 8, worked for the New York and Texas Land Co., Ltd. during 1883 and 1884...went on surveying expeditions along the Pecos River. In March 1885 accompanied a survey party to West Texas visiting about eight counties and made his trip into the Panhandle in September 1886...was transferred to Mobeetie as land agent.

Book Reviews

by PATRICIA CHADWELL

Elliott, Colleen Morse and Everett Dean Morse. The Ancestors and Descendants of the Reverend Daniel Morse. Fort Worth: the author, 1980. (\$15.00 Order from Colleen Morse Elliott, 5208 Mallory Drive, Fort Worth, Texas 76117)

The Reverend Daniel Morse, descendant of one Samuel Morse, who immigrated to Watertown, Massachusetts in 1635, was a circuit riding Methodist preacher, who, in the words of his obituary, "possessing the energy and enterprise characteristic of his countrymen...left to seek his fortune in a more congenial clime" where he was called to the ministry in Georgia. A prolific writer he chronicled his travels for his Lord, which eventually took him to Texas, and these accounts enliven this family history.

Mrs. Elliott has lovingly compiled the direct male ancestry of Reverend Daniel Morse and carefully enumerated his posterity. Hers is no dry list of names, dates and places. The narrative is well illustrated with photographs and facsimiles of family documents and comprehensively indexed.

Standard, Charles Martin. The Standard, Higgins and Related Families. Dallas: The author, 1979. (Order from Charles Martin Standard, 3228 Townsend Drive, Dallas, Texas 75229.)

Mr. Standard dedicated this book to his parents Martin and Sara Higgins Standard, on the occasion of their fiftieth wedding anniversary. It is a history of each of their families, both of which pioneered in Kentucky, along with allied lines.

The format and organization of the book impress the reader at first glance. On delving deeper into the material, one finds abundant quotes from primary sources, handily keyed to a "List of References" in the back. This list is accompanied by several interesting appendices, which include some fine Kentucky maps, and Donelson's Journal. Numerous photographs of family members dating from the 1850s to the present illustrate the text. There is an excellent full-name index.

Allied lines include Beall, Greenfield, Ingrame, Manion, (Manning), Million, Tilghman, Aden, Anderson, Brown, Cayce, Curd, Fountain, Fuqua, Gaines, Garrett, Pendleton, Steenbergen, Taylor, Walker and Wright.

Floyd, Verna Corn and Vernelle Corn. Cemeteries in Robertson County, Texas. Houston: the compilers, 1980. (Order from Miss Vernelle Corn, 5014 Hildring Drive E., Apt. 152, Fort Worth, Texas 76110)

The compilers are to be commended for the effort which they put forth in copying and publishing the tombstone inscriptions from the cemeteries of Robertson County. This book will be very useful to persons who have Robertson County ancestors, in determining which cemetery holds the remains of their people.

However, once the cemetery is discovered, we recommend that they visit that cemetery if it is at all possible to go to Robertson County, because the compilers, in alphabetizing the names of the persons buried, have wiped out potential clues as to relationships which may be found when persons of different surnames are buried in close proximity. This is a common flaw in cemetery records compilations, usually committed to avoid indexing; and of course, lack of indexing also means that one must check each cemetery listing for names of interest.

With this single reservation, we heartily recommend this book for all library genealogical collections which include Texas material, and for all genealogists interested in the area.

Erath County, Texas Marriage Records, 1869-1891 Volume I.
Stephenville, Texas: Erath County Genealogical Society, 1980.
\$10.00 (Order from Erath County Genealogical Society, P.
O. Box 924, Stephenville, Texas 76401)

This publication is Volume One of a two volume set of marriage records being published by this young society. Volume Two, which will cover 1891-1900, will probably be available by the time this review appears. Since the compilers have done such an excellent job on this first volume, we would not hesitate to recommend Volume Two, which like Volume One will be priced at \$10.00, sight unseen.

The records are copied in the order in which they appear in the original books. Book and page number, date, name of groom, name of bride, and name of officiant are given for each marriage. Names of Brides and Grooms are located through use of a surname index.

Compilers state that they found marriages of residents of Comanche, Hood, Eastland, Palo Pinto, Somervell and Hamilton Counties recorded in the Erath County books.

EDITOR'S NOTE:

Erath County, Texas Marriage Records, 1891-1900 Volume II, just received by us as we go to press and as with Volume I above, it is the same format, excellently done and highly recommended for libraries and genealogical collections. L. M.

We are beginning a new year..with new energy, new ideas and hopefully many new members. We already have about 500 members which is a true indication that we must be doing something right.

One of our new projects for the Fort Worth Genealogical Society for the coming year is to purchase microfilming equipment. Let's get behind this idea as there is so much that should be preserved before it is lost. Anyone wishing to contribute to this worthy cause may do so... and as you know, anything contributed to the society over and above your dues is tax deductible.

If anyone wishes to help or has an idea for raising the purchase price of the equipment, please contact one of the officers of the F.W.G.S.

so we can achieve our goal.

Special praise is offered to several faithful members - Joyce Johnson and Violet Bruce. They spent many Saturdays at the Ft. Worth Public Library to fill in the gap made by our short staff. The rest of this letter could be used to thank the busy members who work for the good of the society.

It is with the greatest of pleasure that I am at last able to announce the publication of "MARRIAGE RECORDS OF EARLY TEXAS, 1824-1846". This new printing is a revision of our earlier publication, however, it has a cumulative index replacing the separate county index in our earlier book, and has been completely re-typed. A special debt of appreciation is owed the compiler, Mrs. R. N. (Norma) Grammer; Elva Robinson who re-typed the manuscript; the Melears and Peters for their splendid index. The price of this useful book on early Texas should help many who will want a personal copy and I feel that the limited printing of 500 copies will not last very long. The price is \$ 8.40 plus postage, tax and handling. So come to the regular meeting or the Ft. Worth Public Library, Genealogy Department and pick yours up. This would also make a nice gift.

PLEASE, PLEASE MAKE A NOTE OF OUR NEW ADDRESS CHANGE! We have been forced to make a change in our mailing address after all these years so please be sure you change your address listing;

Ft. Worth Genealogical Society
P. O. Box 9767
Ft. Worth, Texas 76107

The F. W. G. S. among their many good works, has been furnishing teachers to T.C.J.C., Northwest Campus for senior citizens classes in genealogical research. Some of which are Joyce Johnson and

Jean Hazelwood. They have given of their time and talent to help these people.

There will be a "Mini Workshop" some Saturday the latter part of March for the very beginners. It will be teaching of basics of beginning genealogy research by Billie Beth Moore. So watch our newsletters for a definite date for this event.

Our Spring Workshop will be held on April 26th, 1980 and we shall again have Norman Wright as our speaker. Those who missed him last year missed one of our very best speakers...his subject being Migration Patterns. He will continue on this theme this year together with other research tips on area research in our country. Don't miss this event, try to get your reservations in early as we have a limited seating space and cut off dates.

Let's all work together in 1980 to keep our society one of the fastest growing societies of today. Let's top all of our goals of more members, new projects, workshops, speakers, and any other ideas our hardworking members are continually thinking up for the betterment of our society. Would you like to contribute in some way? An idea? Money? A new member? A speech? A class? Contribution of records? Time? Anything is appreciated...just contact one of our officers or members. We need you!

Faithfully

President's Page

For the past four years you have permitted me to serve as your President. I want to thank you for the opportunity these years have given me to know you better and to work with you to build a greater Fort Worth Genealogical Society.

I feel that all of us have learned and grown these last years as we have faced together the problems that come from working together for a common goal -- the propagation of the love of genealogy and history. Together we have furthered this interest.

Many people have been taught how better to research and preserve the past because of our society.

Many goals have been set, and not only reached but far surpassed our dreams. Many new ideas have been tried, some have succeeded; some not...but at least we strive! New and fresh ideas are always welcome. We are building a firm base on the foundation laid by those who worked before and who continue to work for our advancement.

We have been doubly blessed by some very special people who have worked very hard these past years. I shan't name any names, because space does not allow me enough room, however you all know them and they know!

I thank you all for this opportunity of being your president... never have I asked for help, that I did not receive it. Never have we had a problem, that there were not willing hands to help solve it. Never was a task left wanting by unwilling or careless workers.

I look forward to working with you in the future in whatever capacity I may serve you. I am forever amazed at our never ending number of unsung, tireless, conscientious workers. Is it any wonder we are building one of the larger and better societies? This is only the beginning!!!

Faithfully
Paul Campbell, president

IT'S BEEN A GREAT FOUR YEARS!!

In evaluating the achievements of the Fort Worth Genealogical Society for the past four years, one achievement stands out above all others - the recruitment and involvement of the membership in the Society activities.

The identification of problems and areas of service by the President have been met with an enthusiastic response of the members. Leading the Society in this respect was the Board of Directors whose faithful attendance at regular meetings was phenomenal. In spirited debates differences were brought out in the open, and problems solved with everyone having a share in the decision making process. A by-laws committee was appointed and an extensive revision made of the by-laws, in order that the Society might better govern itself.

Second only to the leadership of the Society was the large increase in the size of membership. From 525 at the beginning of 1977, the number has increased to 818 at this writing. Attendance at meetings maintained a high level, averaging around 100, reaching a peak of 212 at the July 1978 meeting. The highest attendance for this year was 139 at the March meeting.

One of the first problems to be solved was to find an adequate meeting place at a reasonable price to accommodate the large attendance, so it was fortunate that in April 1977, a permanent home was found in Moncrief Hall of St. Andrews Episcopal Church in downtown Fort Worth, and with only a few interruptions, has been the meeting place since.

The increase in membership brought with it increased income, but in spite of increasing expenses, it was necessary to raise the price of a regular membership from \$7.00 in 1977 to only \$8.00 at present. Special categories were added such as Junior, Household, and Contributing Memberships. Strict budgetary controls and sound financial policies were continued. Total income for these years:

1977.	\$31,554.90
1978.	16,505.10
1979.	28,895.98
1980.	9,626.81 (9 mos.)

While the chief publication continued to be FOOTPRINTS, the Society expanded its involvement in the publishing field. Mr. and Mrs. Wm. Hunter McLean donated two books to the Society, plus the funds to publish them: ALEXANDER BEALL, 1649-1744 of MARYLAND and FROM AYR TO THURBER. Also MARRIAGE RECORDS OF EARLY TEXAS 1824-1846, compiled by Norma Rutledge Grammer, was reprinted with a new revised index. A Surname Directory of the family names being researched by members of the Society was issued in both 1978 and 1979. A number of genealogical forms were devised and made available for sale to the members at meetings and at the Fort Worth Public Library. And this period has seen the culmination of the Society's greatest project begun 13 years ago with the publishing of OLD NORTHWEST TEXAS.

Another innovation was the microfilming of the papers of Sallie Rucidlo. For years Sallie was involved in the every day work of the Society, and it is with great pride and pleasure that the Society, with the help of her many friends, has been able to microfilm her genealogical findings on the Kingsley and allied families. They will be designated as the "Sallie Kingsley Rucidlo Papers" and the Society is placing a copy of the microfilm in the Fort Worth Public Library for the use of the general public. Once again, we are fulfilling the purpose of our charter and constitution. Thanks to her husband, Bernie, for allowing us to do this. The original papers will be placed in the Southwestern Baptist Seminary Library. It is hoped that this is the beginning of a continuing effort to preserve the research efforts of our members.

In the field of education there has been a great deal of activity. The Society has cooperated with the Tarrant County Junior College in organizing classes and staffing them with qualified teachers. There were seventeen classes held, involving some 250 people. Mini workshops for beginners have been conducted, as well as an annual workshop each spring with nationally known speakers. Charles Hinds of Kentucky in 1977, Kenneth Thomas of Georgia in 1978, were speakers and Norman Edgar Wright of Utah conducted the workshops of 1979 and 1980.

The Society supported efforts to establish and strengthen state and local research facilities in several ways. One was the joint sponsorship with the Texas State Genealogical Society of a workshop featuring representatives of the State Archives. Another was the focusing of attention of the library management and the City Council on the need for more adequate facilities for the Genealogical Department of the Fort Worth Public Library. Each year a bus trip was sponsored to the State Archives at Austin. Support was given to the establishment of a state archive in the old Fort Worth Public Library building. Other support was given to the library by giving books donated to the Society and valued at \$12,000 during this four years as well as untold hours of volunteer work. Another \$500 in books was donated to the Bonham Public Library.

A much needed central depository and office was secured for the Society in the W. T. Waggoner Building; where a history of the Society and an archives are being established.

Direct contribution to original research was made by indexing Tarrant County land abstracts, the indexing of sources of published Texas cemetery records, the abstracting and indexing of Bible records from Texas publications, indexing of marriage records published in periodicals and the operation of the Ancestral Referral Service.

The monthly programs of the Society embraced a wide variety of subjects, involving presentations of both members and speakers from outside. Meetings were arranged to promote communication and fellowship among the members.

It has truly been a great four years!! Thanks to you, Paul, for inspiring it! And to those who helped you!

Greetings of the Season
