EQUALIZATION OF TAXES CITATION

THE STATE OF TEXAS }
COUNTY OF TARRANT }

In accordance with an order of the Commissioners' Court of said County, sitting as a Board of Equalization, W. A. Perkins is hereby cited to appear before said Board in the County Commissioners' Court room at the Court House in the city of Fort Worth on the 1st day of June 1921, to show cause why his property should not be raised from the present assessment.

Bart Mynatt
County Clerk,

By Ada H. Shupak.

Fort Worth, Texas, May 18- 1921

LOT NO.	BLOCK	ADDITION	PSESENT VALUE	RAISED TO
1 & 2	4	Mitchell to Arlington	\$ 250.00	\$ 458.00
4 to 16	4	" " "		
			Record of minutes, Board of Equalization of Tarrant County, Texas	

I have owned these lots for several years (over)

and have never been able to get an offer
for them. I have tried numbers of
times to get different Real Estate men
in Arlington to list them for me and
they always say - no there is no demand
for that property and that way

I was in Arlington Monday - stopped
off there just to see about these lots.

and it was the same old story. No
demand for them

For this reason I see no
cause for their value being raised
In fact anything that you can not
get an offer on does not have very
much value. So please just
leave these lots alone at the present
condition

Yours truly
Willa Beckman
Greenville Tex.

Mr Bart Mynatt
County Clerk. Garment Co
Ft Worth Texas

Dear Sir

Have Received your Citation
to appear June 7th before the Equalization
Board on Equalization of Taxes.

It will be impossible for me to
appear on that date. On account
of my business.

Had thought that I had Rendered
LOT 55/16- Block 9- Grandview addition
at Fair Value which was \$5000.00
and this was raised to this amount
from 1919. But same was raised to
\$5500. for 1920. which I thought was not fair

Have for many years Rendered
my property at Valuation in proportion to
my neighbor. and as same had been raised
last year cut it \$500.00 which I think
is a fair Valuation \$5000.00

Very Truly

B. K. Coffman

Mr. Jas. A. Childers,
Fort Worth, Texas:

Dear Sir:

If you are interested in the building and maintenance of good roads at the lowest possible cost, we invite your consideration of our claims in regard to the Wichita Road Builder—a truck we have designed and built especially for highway work.

For your convenience in making comparisons with the usual methods and costs, we outline below some of the work this truck will perform in one day under ordinary conditions.

1. Haul 60 tons of gravel two miles in one day over ordinary dirt roads with the aid of good loading facilities at an approximate cost of 25¢ per ton mile.
2. Haul 96 tons of gravel two miles in one day over ordinary dirt roads with the aid of a good four yard dump trailer and good loading facilities at an approximate cost of 20¢ per ton mile.
3. Regrade, crown, ditch and roll two and one half miles of ordinary dirt road in one day at an approximate cost of \$12.50 per mile.
4. Drag 35 miles of ordinary dirt road in one day at an approximate cost of 90¢ per mile.
5. Haul its load capacity (6 tons) over ordinary dirt roads a distance of 60 miles in one day at an approximate cost of 55¢ per mile, or approximately 9¢ per ton mile.

WICHITA FALLS MOTOR COMPANY

#2

In figuring costs we have included the cost of driver, helpers, gasoline, lubricating oil, grease, insurance, interest on investment, license, repairs, depreciation and supervision.

We believe you will agree that in performing the work outlined above with any other type of machinery the cost would be from two to three times as great.

The folder we are sending you illustrates this truck and describes its performance more fully. If you would be interested in receiving further particulars or convincing evidence that this truck will do everything we claim for it, we assure you it will be a pleasure to receive your request.

Awaiting an expression from you with much interest, we are,

Yours very truly,

WICHITA FALLS MOTOR COMPANY
