The Tarrant County Archeological Society has planned a program for our next meeting, Thursday, April 9th, that we consider pretty special. We would be pleased for you and your guests to attend this meeting.

Our speaker will be Dr. E. L. Carlson, of SWBTS, who will discuss and show slides concerning his work last summer in Greece. Dr. Carlson will lecture on Delphi, Athens, Corinth, and Mycenae, which are considered among the most important archeological sites in that country.

Thursday, April 9, 1959, 7:30 P.M., auditorium Children's Museum, 1501 Montgomery Street, Fort Worth, Texas.

Do come!

Cordially yours,

TARRANT COUNTY ARCHEOLOGICAL SOCIETY

Fort Worth, TX 76118

WE HAD AN EXCELLENT ATTENDANCE LAST MONTH. KEEP UP THE GOOD INTEREST IN ARCHEOLOGY.

The Republic Bank Fort Worth East is the old City National Bank. The best exit off Loop 820 is Craig. If you are coming from the west side of town, or going east on I-30 toward Dallas, the best exit is Brentwood Stair. Exit here and go .8 mile east on Brentwood Stair to Weiler Blvd., the second signal light. Make a right turn and drive 1.1 miles, past Eastern Hills High School, cross Meadowbrook Dr., (a signal light) and the street changes from Weiler to Yeager. Another .6 mile is the Bank building parking lot. Remember to use the North entrance to the bank.

NEWSLETTER FOR THE TARRANT COUNTY ARCHEOLOGICAL SOCIETY

Contest!! Contest!! Contest!! Contest!! Contest!!

The newsletter needs a name and a logo or letterhead. We know there are plenty of creative people in the society, so here is your chance to actually name a paper that may prove to be a historical publication.

Create a name for the newsletter and/or a logo for the letterhead. Send all entries to: Cheryl Garrett  
2805 B Lubbock Ave.  
Ft. Worth, TX 76109

Judging will occur at the Christmas party.

Now that the newsletter will soon have a name, we also need material to fill up those empty pages. Hopefully, everyone in the society can contribute.

Possible departments that will need contributions are:

Book Reviews

Unusual Finds

Local membership profiles

Local professional profiles

Local, national or international archaeological trips

Articles of professional merit-- Please, do not feel intimidated. Here's a chance to work on an article for publication, the dream of all archaeologists?!

LET'S HAVE A GOOD TURN OUT FOR THIS PROGRAM SINCE STEVE IS FROM TEMPLE.

OUR SYMPATHY TO JEFF BALL ON THE LOSS OF HIS WIFE, JO.

WE HAVE RECEIVED A REQUEST FROM FLOYD LARGENT, A STUDENT AT A & M, TO HELP IN A SURVEY OF FOLSOM POINTS. HE SENT FORMS AND INFORMATION TO BE USED; SO IF YOU HAVE A FOLSOM IN YOUR COLLECTION AND WANT TO HELP, CALL BILLY BUNCH FOR FORMS.

FORT WORTH PUBLIC LIBRARY, 300 TAYLOR STREET

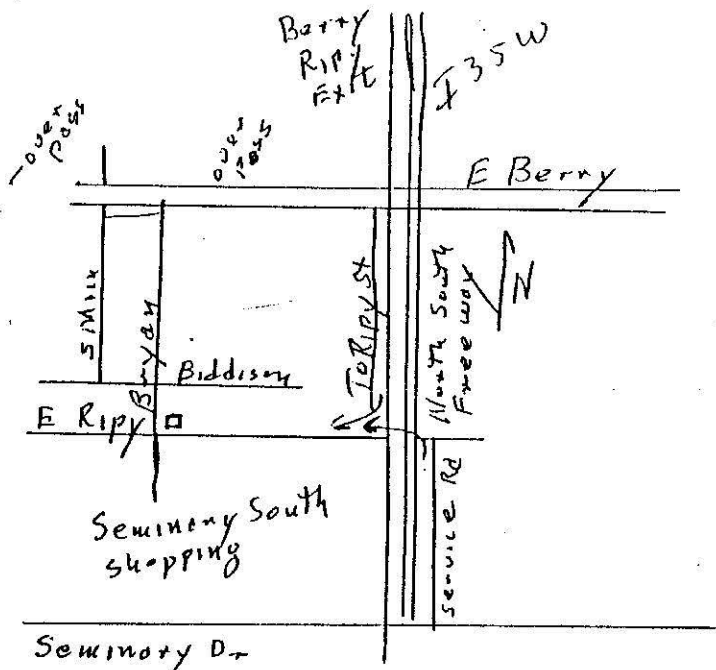

TARRANT COUNTY ARCHEOLOGICAL SOCIETY

THE NEXT MEETING OF TCAS WILL BE APRIL 14, 1988. THE MEETING WILL BEGIN AT 7:30 P.M.

PLEASE NOTE: THIS MONTH THE MEETING PLACE IS THE FORT WORTH GEM AND MINERAL CLUB BUILDING AT 3545 BRYAN--SEE MAP BELOW. NEXT MONTH WE WILL BE BACK AT THE LIBRARY.

THE PROGRAM WILL BE SHOW AND TELL. ALSO TOM FRANCIS WILL BRING A SLIDE PROGRAM. THIS IS YOUR CHANCE TO TALK--TALK--TALK--SHOW YOUR JUNK, I MEAN ARTIFACTS. WE HAVE ALL NIGHT, NO CLOSING TIME, NO DEADLINES. SO COME ON AND LET'S GET ALL DISCUSSION OUT OF OUR SYSTEMS. THERE WILL BE PLENTY OF TABLES FOR DISPLAY.

WE NEED YOUR SUPPORT SO PLEASE ATTEND THE MEETING.

Due to work on I35W: From the north going south (I35W South) take the Berry-Ripy exit. Go to Berry Street. Ripy is open at Berry. Go across Berry and follow service road to Ripy. Make a right and go to Bryan. The building is on the corner of Bryan and Ripy at 3545 Bryan. Coming in from I20 or 820, turn on I35W and exit at Seminary Drive. Cross Seminary and go on to Ripy via the service road. Turn left at Ripy and go to Bryan.

TARRANT COUNTY ARCHEOLOGICAL SOCIETY

THE NEXT MEETING OF TCAS WILL BE MAY 12, 1988. WE WILL BEGIN PROMPTLY AT 7:30 P.M. AT THE CENTRAL LIBRARY IN DOWNTOWN FORT WORTH AT 300 TAYLOR STREET. THE MEETING WILL BE HELD IN ROOM B.

OUR PROGRAM WILL BE GIVEN BY JOE COCHRAN ON ARCHAEOLOGY IN ENGLAND.

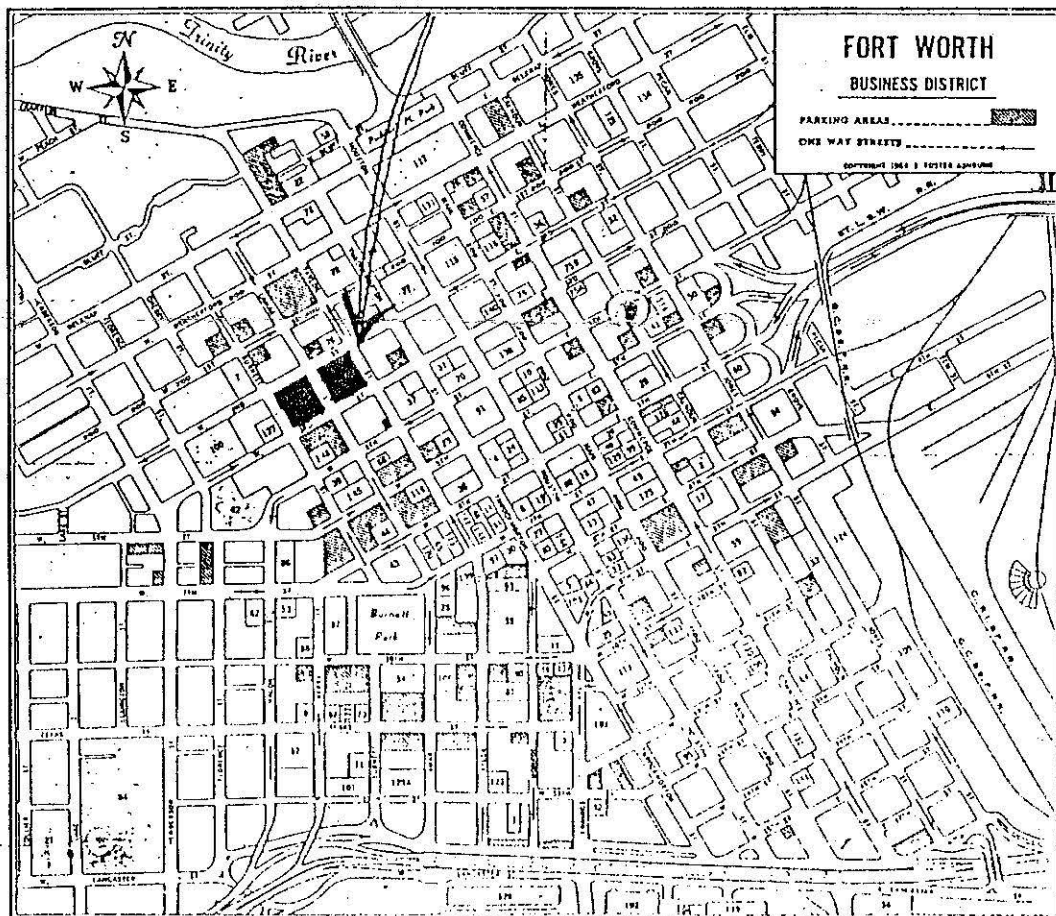

OUR ATTENDANCE HAS BEEN REALLY GOOD THE LAST FEW MEETINGS: LET'S KEEP IT UP.

"YOU" ARE INVITED TO A DIG--ON MEMORIAL DAY WEEKEND, MAY 28, 29, and 30, 1988, AT LEBANON, OKLAHOMA. SEE ATTACHED SHEET.

THE NOMINATION COMMITTEE HAS NOMINATED THE FOLLOWING OFFICERS FOR NEXT YEAR:

STEVE COX, PRESIDENT  
BRYAN JAMESON, VICE PRESIDENT  
BILLY J. BUNCH, SECRETARY-TREASURER

FORT WORTH PUBLIC LIBRARY, 300 TAYLOR STREET

TARRANT COUNTY ARCHEOLOGICAL SOCIETY

THIS IS AUGUST. I HOPE YOU HAVE HAD A GOOD SUMMER OF DIGGING, ETC., AND ARE READY FOR A GOOD YEAR OF TCAS.

WE HAVE A NEW SET OF OFFICERS FOR 1988-89:

STEVE COX: PRESIDENT  
BRYAN JAMESON: EXECUTIVE VICE-PRESIDENT  
MARVIN GLASGOW: VICE-PRESIDENT, PROJECTS  
JIM BLANTON: VICE-PRESIDENT, CONSULTING  
BILLY BUNCH: SECRETARY/TREASURER  
CHERYL GARRETT: EDITOR-IN-CHIEF, "THE LETTER"  
NOLAN PRESTON: ASSISTANT EDITOR

WE ALSO HAVE AN ADDRESS: TCAS, BOX 24412, FORT WORTH, TX 76124.  
WE WILL ALSO HAVE A PHONE NUMBER AND LISTING IN THE PHONE BOOK.

A GROUP HAS BEEN MEETING ALL SUMMER, PLANNING FOR THE NEW YEAR.  
WE ARE STILL LOOKING FOR A GOOD MEETING PLACE, FREE IF POSSIBLE.  
WE HAVE SOME WE CAN USE, BUT WOULD LIKE TO FIND A LOCATION.

DUES ARE DUE AND WE HAVE HAD TO GO UP MAINLY DUE TO POSTAGE  
INCREASES. DUES ARE GOING TO BE \$8.00 PER FAMILY OR INDIVIDUAL.  
BUT WE HAVE BEEN DISTRIBUTING "THE LETTER" ONLY AT THE MEETINGS  
SO IF YOU HAVEN'T BEEN GETTING ONE IT'S BECAUSE YOU HAVE MISSED  
THE MEETING. IF YOU WOULD LIKE TO HAVE "THE LETTER" MAILED  
TO YOU WE ARE ASKING FOR AN ADDITIONAL \$2.00 FOR POSTAGE.

I DO HAVE SOME BAD NEWS. WILLIAM GRIFFIN, A LONG-TIME MEMBER,  
IS IN BAD CONDITION HEALTH-WISE. SEND HIM A CARD OR LETTER:  
WILLIAM GRIFFIN, 6215 KEN AVE., ARLINGTON, TX 76017.

PLEASE PLAN TO ATTEND OUR MEETINGS AND OTHER ACTIVITIES. WE  
NEED YOUR PRESENCE AND SUPPORT AND NEW MEMBERS.

TO MAIL IN DUES, PLEASE DETACH:

THE NEXT MEETING FOR THE 1989 YEAR IS SCHEDULED FOR MARCH 9, 7:30 P.M. AT THE ARLINGTON COMMUNITY CENTER, 2800 SOUTH CENTER STREET, ARLINGTON (SEE MAP).

THE PROGRAM WILL BE GIVEN BY NOLAN PRESTON ON THE McCANN SITE EXCAVATIONS. THIS WILL BE A VERY INTERESTING PRESENTATION, AND WILL GIVE US SOME INSIGHT INTO PROPER SITE EXCAVATION AND RECORD KEEPING.

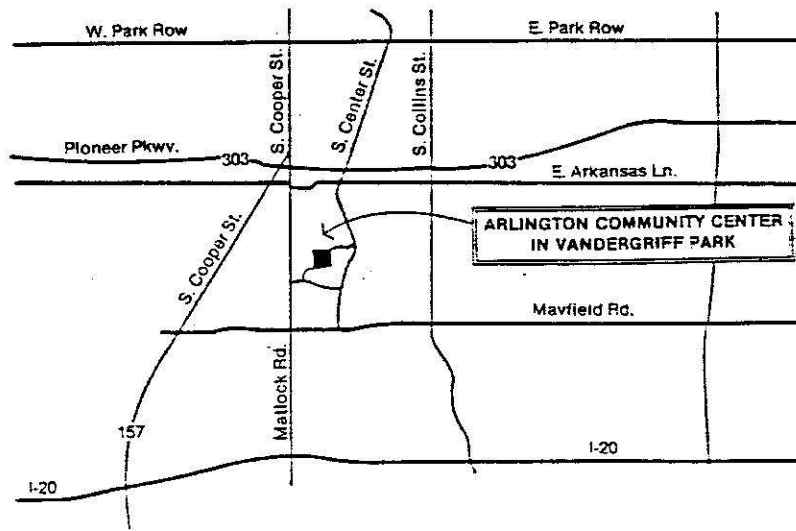

WE ARE MEETING IN ARLINGTON THIS MONTH TO TRY OUT A NEW MEETING PLACE. PLEASE MAKE AN EFFORT TO BE THERE SO A VOTE CAN BE TAKEN ON WHETHER TO CONTINUE MEETING IN THE NEW LOCATION, OR RETURN TO THE ROCK CLUB.

ATTENDANCE HAS BEEN GREAT, SO KEEP UP THE GOOD WORK AND ENCOURAGE OTHERS, BOTH NEW MEMBERS AND INTERESTED PARTIES, TO MEET WITH US EACH MONTH AND TO BECOME INVOLVED.

PLEASE TAKE A FEW MINUTES TO READ ALL THE ATTACHMENTS. THEY ARE IMPORTANT, AND SOME WILL REQUIRE YOUR INPUT. MANY MEMBERS ARE NEEDED FOR OUR VARIOUS COMMITTEES AND OTHER ACTIVITIES. PLEASE JOIN IN AND GET INVOLVED WITH ARCHEOLOGY, ESPECIALLY WITHIN OUR SOCIETY. ONLY YOU CAN HELP US GROW AND BECOME A PROUD PART OF OUR COMMUNITY.

IT WILL SOON BE TIME TO ELECT OUR OFFICERS FOR THE NEXT YEAR. IF YOU WANT TO NOMINATE SOMEONE FOR ONE OF THE POSITIONS, PLEASE ENTER THEIR NAME ON THE ATTACHED NOMINATION FORM AND MAIL IT IN OR BRING IT WITH YOU TO THE MARCH MEETING. WE NEED THE INFORMATION NOW SO THAT WE CAN VOTE IN APRIL.

TO GET TO THE COMMUNITY CENTER, TAKE THE MATLOCK EXIT OFF OF I-20 AND GO NORTH APPROXIMATELY 1.2 MILES. TURN RIGHT AT THE ARLINGTON COMMUNITY CENTER SIGN, THEN TAKE THE NEXT LEFT AND FOLLOW THE STREET TO THE CENTER.

TARRANT COUNTY ARCHEOLOGICAL SOCIETY

NOW HEAR THIS: THE NEXT MEETING OF THE TCAS WILL BE APRIL 13, 1989. WE WILL BE MEETING AT THE FORT WORTH ROCK CLUB BUILDING, 3545 BRYAN, IN FORT WORTH. SEE MAP BELOW. THE MEETING WILL BEGIN AT 7:30 P.M.

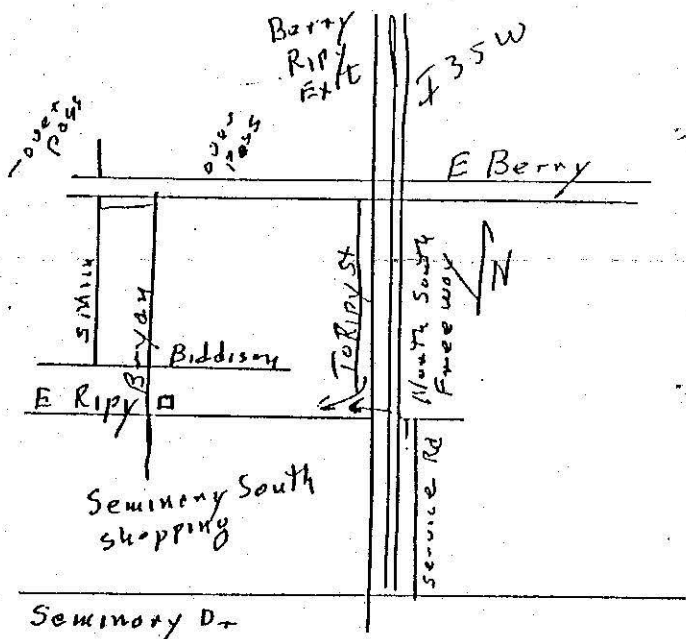

OUR PROGRAM, AND DON'T MISS THIS ONE, IS "FLINT NAPPING" PRESENTED BY DAVID HARTIG. IF YOU WANT TO KNOW HOW FLINT TOOLS WERE AND ARE MADE, THIS IS THE PLACE TO FIND OUT.

I REGRET TO TELL YOU THAT SINCE OUR LAST MEETING ONE OF OUR MEMBERS, LEON LINDNER, PASSED AWAY.

REMEMBER TAS FIELD SCHOOL JUNE 10-17, 1989, NEAR DEL RIO.

WE HAVE A NEW MEMBER; PLEASE ADD TO YOUR MEMBERSHIP LIST:

Kenneth Niccum  
Gen Del  
Kopperl, TX 76652

Due to work on I35W: From the north going south (I35W South) take the Berry-Ripy exit. Go to Berry Street. Ripy is open at Berry. Go across Berry and follow service road to Ripy. TARRANT COUNTY ARCHAEOLOGICAL SOCIETY

We start this month out on a sad note, with the loss of a daughter of one of our members. On March 24th Nolan Preston's daughter, Joy, passed away following a battle with cancer. We extend our deepest sympathy from all the members of TCAS to Nolan's family for their loss of a loved one.

On a brighter side, we now have Tee Shirts available with the TCAS logo on them. See Steve Cox for more details.

Below is the list of nominees for our officers. The vote will be taken at the May meeting, so any changes need to be made by the April 13th meeting. A ballot will be mailed to you so that the voting can be done by mail or at the May 11 meeting. We will count the ballots at the beginning of the meeting so that any ties can be broken by a show of hands after our guest speaker has given his/her program.

NOW HEAR THIS!

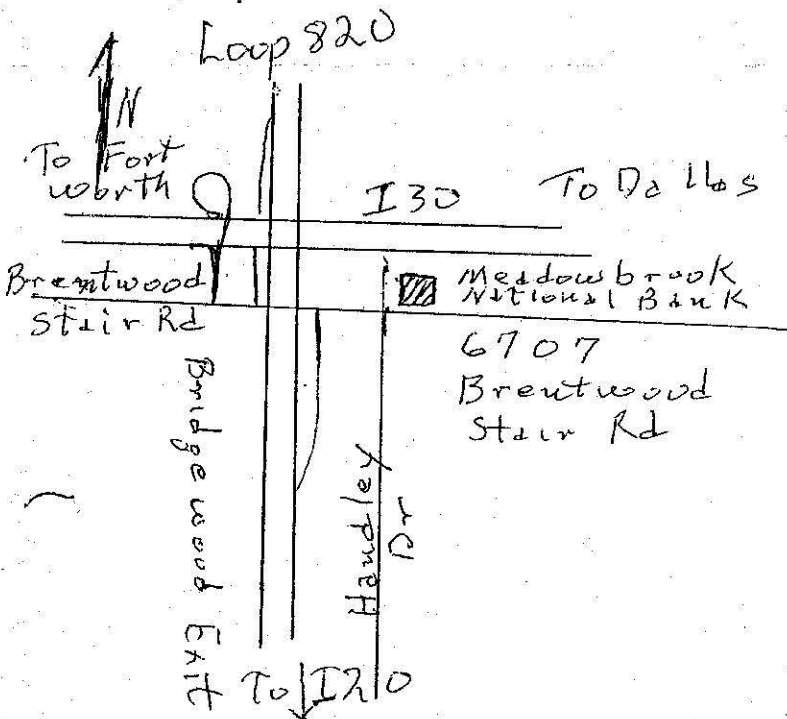

Attention: The next meeting of the TCAS will be May 11, 1989. We will be meeting at Meadowbrook National Bank, 6707 Brentwood Stair Rd., in east Fort Worth. The meeting will begin at 7:30 p.m. sharp. This bank has opened a public meeting room on it's 4th floor reached by an elevator; the doors are locked at 8:30 p.m. and can only be used for exiting after that time. Please don't be late. See map below.

Our program will be given by Erwin Roemer. He will speak on the "Value of Preserving a Site." Erwin works for the Corps of Engineers as an archeologist.

We also will have an election of new officers for the 1989-90 year. See attached sheet.

Summer is upon us, so Field School is June 10-17 near Del Rio; and there are or will be other digging opportunities. We will try to keep in touch.

If you are interested in Egypt, Rollin Phipps has a group meeting at UTA. Call 817/273-2581 for details.

MEADOWBROOK NATIONAL BANK IS LOCATED AT 6707 BRENTWOOD STAIR RD. IT IS ON THE NORTH-EAST CORNER AT BRENTWOOD STAIR AND HANDLEY DRIVE. THERE IS CONSTRUCTION IN THE AREA BUT AT THIS TIME ALL EXITS ARE OPEN.

The next meeting of TCAS *WILL BE THURSDAY,*  
*JULY 13, 1989*

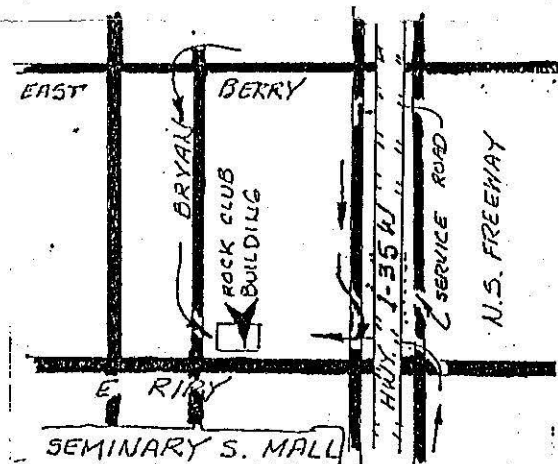

The meeting will begin at 7:30 p.m. at the Rock Club building in Fort Worth at 3545 Bryan. Please see map below.

Our program will be *given by JAMES EVERETT*  
*on the DEVILS RIVER STATE NATURAL*  
*or the 1989 Field School. This will be a*  
*great program, please attend.* — *Steve Cox*

Dues are \$8 this year and are payable now. As soon as we can get most of them collected we will publish a membership list. If Wanted mailed to your home address, dues are \$10.

If you have a program or know of one, please let one of the officers know of it.

The Ripy Street exit is now open both north and south which makes it easy to get to the Rock Club Building

The August meeting is scheduled for Thursday the 10th, to be held at the Rock Club building, 3725 Bryan St., Fort Worth (see map). The meeting will start PROMPTLY at 7:30 P.M., so come early, get acquainted, and share with show-n-tell.

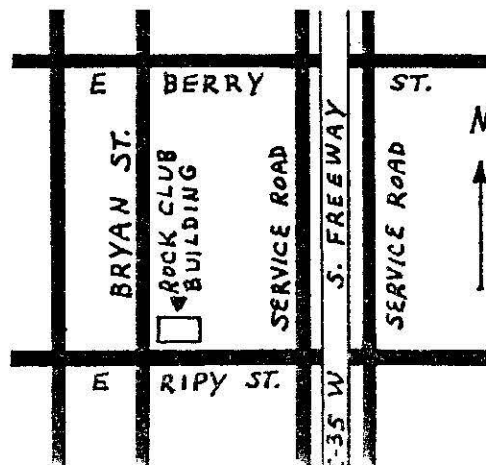

Our guest speaker will be David Maltsberger, a Southwestern Baptist Seminary student that was in Israel this summer on an archaeological dig. From the past speakers on the Israeli excavations, this should be an interesting presentation.

Accolades to our President, Steve Cox, for his article and photos in the Arlington Citizen-Journal section of the Fort Worth Star Telegram on Sunday, July 16. It was a very good article, resulting in many inquiries and potential new members. They ALL requested notification for our next meeting.

For all of those working on papers for the Chambers Site, please start finalizing your work and bring it in at the September meeting. We desperately need to compile our data so our paper can be written. Even if you are not finished by the September meeting date, go ahead and bring in what you have, including artifacts.

HELP! HELP! HELP! The papers from the IRS that will allow us to file for tax exempt status (Non-profit Organization) are here. Anyone that can help fill out these forms, please volunteer. We need to get these mailed in as soon as possible so that we can approach local businesses for donations. These donations will be used for printing (publications, posters, etc.), carbon dating tests, and other expenses as they arise. This could also allow us the expense monies that would be needed to get out-of-town speakers, which in turn could be a big drawing card for our society.

After much confusion and deliberation, the decision has been made. Our dues will be \$10 per year, DUE IN SEPTEMBER. Please try to have them paid by the end of our September meeting, helping to save confusion and expediting the distribution of our membership list.

SEPTEMBER 1989 NEWSLETTER

The September meeting is scheduled for Thursday the 14th, to be held at the Rock Club building, 3745 Bryan St., Fort Worth (see map on page 2). The meeting will start PROMPTLY at 7:30 P.M., so come early, get acquainted, and share with show-n-tell.

We had 26 guests at our August meeting, with 7 joining our society. Many thanks to our guest speaker, David Maltsberger, who did an excellent job. Those of you that were absent missed a very good program. You also missed seeing some outstanding displays brought in by our members and guests.

Our guest speaker for September will be Dr. Bob Coleman. He will speak about The Mesa, where he has done extensive work. The Mesa is located in New Mexico, just south of Chaco Canyon and near the town of Grants. Dr. Coleman is a retired professor from the Baptist Seminary, where he taught the Old Testament and Archaeology. For the past 30 years he has been a member of DAS, FW-TCAS, and TAS.

Annual membership dues are due NOW. Membership fees are: \$10 per year (spouse and children under 18 included), \$20 per year (contributing member), or \$200 for a lifetime membership. Please fill out the form below and return it with your payment.

As a reminder, our current meeting facilities are strictly temporary. We are searching for a permanent place that is as close to central Tarrant County as possible. Any suggestions? We need all the help we can get, so if you know of a possible location, please let us know.

There were no volunteers at the August meeting to help with the IRS papers. These forms will allow us to file for tax exempt status (Non-Profit Organization), so if anyone can spare a little time to help fill out these papers or make phone inquiries about the proper way to file them, it will be greatly appreciated. We need to get these mailed to the IRS so that we can approach local businesses for donations. These donations will be used for printing (publications, posters, etc.), carbon dating tests, and other expenses as they arise. This would also allow us the expense monies needed to get out-of-town speakers, which in turn could attract a lot of new members for our society.

Salvage work at the Nature Center is about ready to begin. Contact Mike Shannon or Bret Williamson for more details. If you are interested in learning more about proper field work, this should be an excellent opportunity. REMEMBER - all artifacts found will be turned over to the Nature Center, but you will be allowed to keep the experience and education.

As a point of interest, the skull that Steve Cox was holding in the photo that appeared in the Fort Worth Star Telegram, Arlington Citizen-Journal section, has since been reburied in the general area where it was found. In fact, it was buried before the article was printed. We are not grave robbers, nor are we "pot-hunters", and we definitely do not want our society or any of our members associated with that implication. We also hope that in some way we can get that information across to our community so that if any hard feelings exist now, they can be alleviated. Should anyone inquire, the skull was uncovered by rain and moto-cross riders, not by anyone "digging", and was that of an early "white" settler.

The November meeting is scheduled for Thursday the 9th, to be held at the Rock Club building, 3545 Bryan St., Fort Worth (see map on page 2). The meeting will start PROMPTLY at 7:30 P.M., so come early, get acquainted, and share with show-n-tell.

Our guest speaker for November will be Mr. Rollin Phipps, Director of Education at the Fielder Museum in Arlington. His program will be "After Ramses the Great", and will include information on current archaeological work in Egypt. Egyptian history, especially about the Pharaohs, is very interesting, so this should be a program you won't want to miss.

**FINAL CALL !!!** The annual membership dues are WAY PAST DUE, however, we would like to give those that have not paid a chance to do so. If you haven't paid your dues, please do so now. Our membership fees are: \$10 per year (spouse and children under 18 included); \$20 per year (contributing member); \$200 for a lifetime membership. Please fill out the enclosed form and return it with your payment, either by mail or at this meeting.

Salvage work at the Nature Center has begun. Contact Mike Shannon or Bret Williamson for more details. If you are interested in learning more about proper field work, this should be an excellent opportunity. REMEMBER - artifacts found are to be turned over to the Nature Center, however you may to keep the experience and education.

**\*\*\* FORMAT CHANGE \*\*\*** Due to the time consuming and disruptive nature of including old and new business discussions at our meetings, these will be postponed until the following Thursday, starting at 8:00 P.M., at the Rock Club Building, and will be open to anyone wanting to attend. This will allow our guest speaker more time for his/her presentation, and will give our guests additional time to visit, ask questions, and become better acquainted with us and our society.

Christmas party plans are being finalized. The tentative date and location is December 16th at Marvin and Becky Glasgow's. The White Elephant Gift exchange will be continued again this year. Don't forget, a genuine Indian artifact is acceptable, even though most of us don't consider them to be of the White Elephant category. Who knows? There may be another door prize, also.

# TARRANT COUNTY ARCHAEOLOGICAL SOCIETY

Preliminary compiling of THE CHAMBERS SITE report has begun. The papers and drawings that have been submitted thus far are being typed, edited, and placed in a folder for examination and correction. Any suggestions or additions to this document are welcome and requested. Many people participated in the field and lab work. Their participation in the preparation of this report is very welcome, so don't let the words of a few speak for all of you that participated in this work. A copy of the draft report will be at the next meeting. Look at what has been prepared and add your comments too. Spelling and punctuation will be corrected when entered into the document, so don't let that be an excuse. Just make your notes readable, and put your name on them so you will receive credit for the work. Our goal is to have the FIRST COMPLETE DRAFT ready by MAY 1, 1990.

Congratulations and thanks to our first lifetime members, Jim and Peggy Blanton, and our first contributing members, Marvin and Becky Glasgow. We also extend our thanks to Marvin for publishing our October LETTER in its entirety.

## JANUARY 1990 NEWSLETTER

The January meeting is scheduled for Thursday the 11th, to be held at the Rock Club building, 3745 Bryan St., Fort Worth (see map below). The meeting will start PROMPTLY at 7:15 P.M., so come early and get acquainted. Here is the new format we will try:

- 7:15 - Start meeting and introduce visitors
- 7:30 - Turn program over to guest speaker
- 8:30 - Announcements
- 8:45 - Business meeting
- Adjourn meeting and socialize

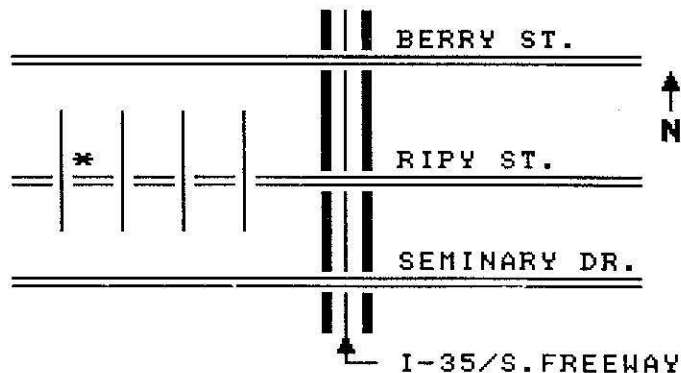

Our guest speaker for January will be David Hartig, one of our members. David will speak on flint knapping, and then give us a demonstration. He has some beautiful specimens, so come watch his ability, and look at the results of his work.

Salvage work at the Nature Center is on hold due to hesitation from the Center personnel. We plan to get Duane Peter or some other archeologist to intervene on our behalf so we can complete a salvage operation before the city of Fort Worth removes and destroys the remainder of the site. We already have a site number assigned. Contact Mike Shannon or Bret Williamson for more details. If you are interested in learning more about proper field work, this should be an excellent opportunity. REMEMBER - the artifacts recovered will be turned over to the Nature Center, but you will be allowed to keep the experience and education.

We wish to express our thanks to Marvin Glasgow for producing the November and December editions of THE LETTER. We also want to thank Marvin and Becky for another successful Christmas party in their home. There were 29 hearty souls present for a lot of fun and good food. Those of you that did not attend missed out on a great time.

## FEBRUARY 1990 NEWSLETTER

The February meeting is scheduled for Thursday the 8th, to be held at the Rock Club building, 3745 Bryan St., Fort Worth (see map below). The meeting will start PROMPTLY at 7:15 P.M., so come early and get acquainted. Here is our new format:

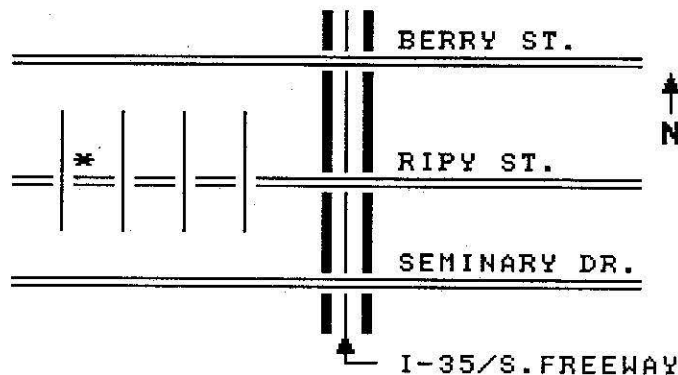

- 7:15 - Start meeting and introduce visitors
- 7:30 - Turn program over to guest speaker
- 8:30 - Announcements
- 8:45 - Business meeting
- Adjourn meeting and socialize

Our guest speaker for February will be Larry Banks. Larry is the Senior Archeologist for the U.S. Corp of Engineers, and will speak about the Clovis site at Lake Lewisville. He has also written a new resource book about flint, which should be available for purchase within the next three months.

Field trips to Paint Rock, near San Angelo, and the Caddo mounds, near Alto, are being organized. Be sure and put your name on the list if you wish to go. We need a head count for reservations and trip planning.

The TARRANT COUNTY ARCHEOLOGICAL SOCIETY (TCAS) is a non-profit organization that meets the second Thursday of each month, excluding December. The meeting place varies due to space availability, however anyone interested can contact the Society through any of the above phone numbers, or Society address, for additional information. The meeting announcements are mailed seven (7) to ten (10) days prior to the meeting date, giving details of the meeting and a map to help in locating the meeting.

The purposes of TCAS are:

- (1) the promotion of scientific archeological exploration and research,
- (2) the preservation and conservation of archeological sites and materials,
- (3) the interpretation and publication of all data pertaining thereto,
- (4) the education of the public on the importance of proper collection and preservation of archeological material, and
- (5) the training of its members on the proper methods and technology needed to accomplish the above.

TCAS does not approve of the salvaging and selling of artifacts (historic, pre-historic, or older) for commercial gain, nor does it approve of trespassing on public or private property, especially for the purposes of searching for artifacts.

TCAS attempts to work with the professional archeologists, both to assist them in any way possible, and to increase its own knowledge base.

TCAS promotes the cooperation between the professional and the amateur in all archeological endeavors.

## MARCH 1990 NEWSLETTER

The March meeting is scheduled for Thursday the 8th, to be held at the Texas College of Osteopathic Medicine (TCOM), 3500 Camp Bowie Street, Fort Worth (see maps on back page). The meeting will start PROMPTLY at 7:30 P.M., so come early and get acquainted. Here is our format:

- 7:30 - Start meeting and introduce visitors
- 7:45 - Turn program over to guest speaker
- 8:45 - Announcements
- 9:00 - Business meeting
- Adjourn meeting and socialize

Our guest speaker for March will be Bill Young. Bill is the Regional Steward for the Office of the State Archeologist, and will speak about Mission San Jose de la Nazoni. The mission was built in 1716, about one year before the Alamo. For those of you that do not know about the Stewardship program, read on.

### OFFICE OF THE STATE ARCHEOLOGIST TEXAS ARCHEOLOGICAL STEWARDSHIP NETWORK

A network of experienced avocational archeologists have dedicated themselves to the preservation of archeological sites in Texas. Since the inception of the Stewardship program in 1983, the Office of the State Archeologist (OSA) has found this network of volunteers to be an invaluable asset. Many situations have arisen in which the OSA, because of severely limited staffing, could not respond in a timely manner. Because the stewards are located in various parts of the state, the OSA has been able to rely on them to handle many requests for assistance in their areas. In addition to field assessments and site recording, the stewards have actively documented private collections, given public presentations about archeology, coordinated the acquisition of protective designations for significant sites, and alerted the proper authorities when important sites were being threatened.

At the present time, there are only sixteen (16) members of this network, and many regions of the state lack representation. The OSA wants to add at least ten individuals to the network in order to better serve the citizens of Texas and to address archeological problems statewide. Preservation-minded avocationalists with a good knowledge of archeological field and laboratory techniques will be given serious consideration.

A field trip to Paint Rock, near San Angelo, is being organized. Be sure and put your name on the list if you wish to go. We need a head count for reservations and trip planning. Remember, Petroglyph is pecked into rock, Pictograph is painted on rock, and Hieroglyph is a symbol.

#### THAT'S NOT MY JOB!

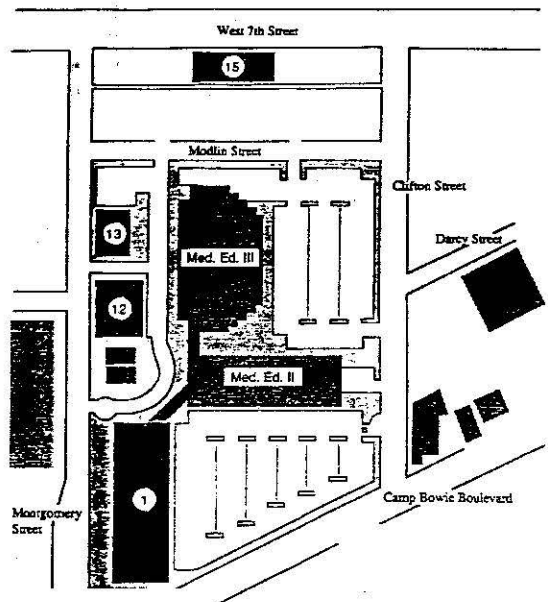

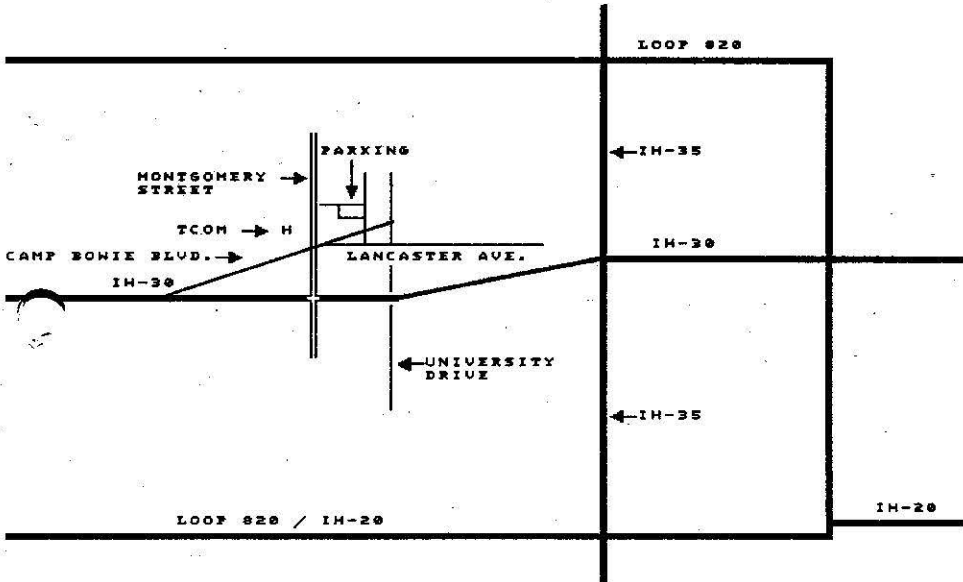

This is a story about four people named Everybody, Somebody, Anybody, and Nobody. There was an important job to be done and Everybody was sure that Somebody would do it. Anybody could have done it, but Nobody did it. Somebody got angry about that, because it was Everybody's job. Everybody thought Anybody could do it, but Nobody realized that Everybody wouldn't do it. It ended up that Everybody blamed Somebody when Nobody did what Anybody could have.

Does this make your toes hurt? Don't let five or six do all the work, when you can help.

Don't know all the members? Stand by the registration table and help welcome those arriving to our meetings. You might meet someone interested in joining our Society, and you will definitely meet our members. Lets all try to make everyone welcome, especially our guest.

Don't know much about archeology? Volunteer to help with our sorting, cataloging, field work, etc. You will learn a lot, real quick, and being involved will make you feel good.

We look forward to meeting at our new location, TCOM. The parking lot is paved and lighted, the room is very nice with carpeted floors, padded seats, microphone for the speaker, and a large projector screen. TCOM is very centrally located for Tarrant County, and is easy to get to now that the West Freeway (IH-30) is open for Montgomery Street access. Montgomery Street is approximately two (2) miles west of downtown Fort Worth and crosses the West Freeway. Take the exit and go north past the TCOM Hospital, which will be on your left. Turn right at the next street (Modlin), go to the parking lot behind the Med. Ed. III building, on your right and park at the South end. Ignore the reserved signs, as that only applies during school hours (8:00 AM to 5:00 PM). Take the sidewalk between building II and III to the door into building III and follow the signs. Our meeting place is in the Medical Education Building III, Room 110, a mini-auditorium with a seating capacity of 75.

## APRIL 1990 NEWSLETTER

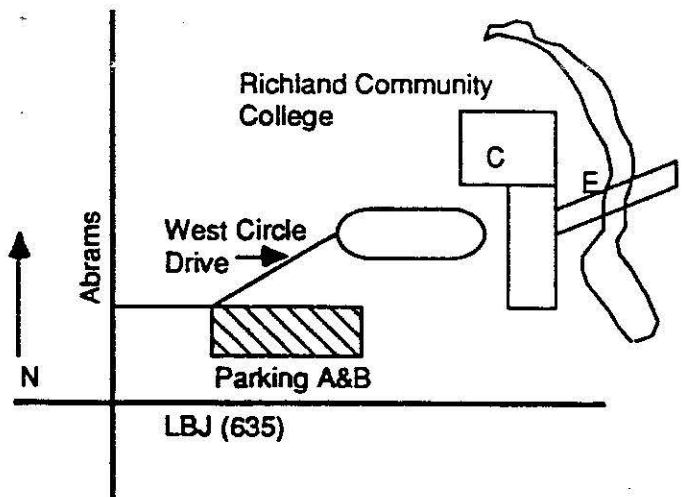

The April meeting will not be held due to special lectures being given at Richland College in Dallas. TCAS and DAS are joining together to have their regular monthly meetings replaced by attending these two special lectures. Lets all show our support to these gentlemen by being present both days. The May meeting will be held on schedule, and both the April and May issues of the LETTER will be available.

On Wednesday, April 11, Larry Banks, Senior Archeologist for the Corp of Engineers, will present his views on Early Human Habitation of Texas. On Thursday, April 12, Dr. Reid Ferring of NTSU will talk on the Clovis Paleoindian Archeology of the Aubrey Site (located at Lake Ray Roberts). Both of these lectures will be held on the Richland College campus. See map below for directions to the College.

The planned trip to Paint Rock is scheduled for Saturday, May 12. This will be an all-day trip, so bring your walking boots, camera, hat, lunch, soft drinks/water, etc. Final details will be given at the May 10 meeting. If you need questions answered before then, contact Brian Jameson at 817-249-1685.

Also attached is a copy of the Constitution and Bylaws that the Executive Committee has prepared and recommend to the Society. We will vote on this at the May meeting. If it is accepted, it will take effect immediately, and the current officers will continue in office until the time as stated in the Bylaws.

Archeological Awareness lectures will be held in the Lakeside Gallery located in Building E (El Paso). Park in lot A or B and enter Building C (Crockett). Go down the stairs and to the east toward the cafeteria. The Lakeside Gallery is adjacent to the cafeteria on the ground level in Building E.

# Banks and Ferring will lecture at Richland College

Larry Banks, Southwest Division Archeologist with the U.S. Army Corps of Engineers, will present "Hypothetical Origins of Clovis Cultures in Texas" on April 11 at Richland Community College. This presentation will focus on the most up-to-date research coming from South America and North America. Slides will illustrate recent work at Monte Verde, distribution of Clovis materials, submarine terraces, and Late Pleistocene ocean levels.

Larry has been a long-time friend and supporter of DAS and is always generous with time and expertise. As the senior ranking archeologist with the Corps, he has looked at sites and rocks for a long period of time. His latest publication *From Mountain Peaks to Alligator Stomachs: A Review of Lithic Sources in the Trans-Mississippi South, Southern Great Plains, and Adjacent Parts of the Southwest* is being published by the Oklahoma Anthropological Society and is due out at the end of March. It features 13 color plates, black and white photos and numerous figures and maps. The information it contains has been long awaited and should become a permanent fixture in the library of every lithic analyst.

Recently, Larry was selected as one of twelve specialists by the Newberry Library in Chicago to participate in a seminar which will focus on determination of research goals for the studies in native American populations for the next decade.

Clovis Point

Dr. C. Reid Ferring, Assistant Professor at the University of North Texas, will lecture on "The Clovis Paleoindian Archaeology of the Aubrey Site" on April 12 at Richland Community College. The site has yielded one of the most important records of Clovis archeology in North America. A bison kill and two camp areas were exposed, reveal-

ing over 10,000 stone artifacts, thousands of animal bones, abundant pollen, and snail shells. Clovis people camped along the Trinity flood plain for a brief time 11,000 years ago and brought in stone from the Panhandle and Central Texas. The new data from this site will add to the already lively discussions of the First Americans, their lifeways, and their possible role in the extinction of Pleistocene megafauna.

Dr. Ferring received his doctorate in Archeology from SMU and is currently completing a second doctorate in Geosciences at the University of Texas at Dallas. His principal areas of research are Prehistoric Archeology and Quaternary Geology. He is now directing a long-term project studying the archeology, geology, and past environments of the Trinity River Basin, mainly at Lake Ray Roberts and Lake Lewisville. Two of his recent publications include "The Aubrey Clovis Site: A Paleoindian Locality in the Upper Trinity River Basin, Texas" in *Current Research in the Pleistocene* and "Archaeological Geology of the Southern Plains" in *Archaeological Geology of North America*.

# TARRANT COUNTY ARCHEOLOGICAL SOCIETY

## BYLAWS

### Article I AIMS and OBJECTIVES

Section 1. The purpose of this society shall be to promote and encourage, by precept and example, the scientific exploration, study of, and research into, the archeology of Tarrant County and contiguous areas.

Section 2. The Society shall endeavor to encourage the proper collection and preservation of archeological material and the accurate reporting to recognized archaeological organizations and institutions of archeological information.

Section 3. The Society shall assist and cooperate fully with all recognized archeological organizations and institutions in the furtherance of knowledge of historic and prehistoric man in Texas and the Southwest.

Section 4. The Society shall engage in a program of educating the general public on the importance of proper collection and preservation of archeological and paleontological material.

Section 5. The Society shall carry on a continuing program of instruction in archeology and related fields.

Section 6. The Society shall keep the public informed of its activities and promote the general understanding of the archeology of this area by, from time to time, exhibiting archeological material in prepared displays at the local museums.

Section 7. The Society shall prepare and keep a proper record of the archeological discoveries of this area; shall endeavor to publish such information for distribution to the membership and to recognized archeological institutions and organizations; and to periodically assemble, correlate and forward to the Department of Anthropology of the University of Texas, or other recognized archeological institutions upon request, such information for incorporation into their records.

Section 8. The Society shall periodically conduct field trips and other joint activities for the proper and thorough exploration of areas of archeological interest.

Article II  
MEETINGS

Section 1. The fiscal year of this Society shall be from January 1st to December 31st.

Section 2. The regular meetings of the Society shall be held on the second Thursday of each month, with provisions that the time and place and date may be varied to suit prevailing circumstances. The place of meeting shall be designated at the previous meeting insofar as is possible.

Section 3. The annual business meeting of the Society shall take place at the regular meeting in January of each year.

Section 4. At least twenty-five (25) members present who have the right to vote shall constitute a quorum at all meetings of the Society.

Section 5. Members of the Society with voting privileges shall vote in only one (1) capacity, and there shall be no voting by proxy.

Section 6. Special meetings of the Society may be held at the call of the President, or upon written request of five (5) members of the Executive Committee. At least thirty (30) days written notice of such meeting shall be given, and the purpose of the meeting shall be stated in the call to the meeting.

Article III  
GOVERNMENT

Section 1. The executive officers of this Society shall be: President, Vice President, Secretary, Treasurer, Vice President of Projects, and Publications Editor. Assistants may be provided for as needed. The officers shall serve voluntarily and without remuneration or salary from the Society for a period of two years.

Section 2. Elected officers shall take office at the January monthly meeting and shall serve the term as stated in the Bylaws or until their successors are elected.

Section 3. Officers duties, as provided for in these Bylaws, are as follows:

- a. The PRESIDENT - shall serve as chairman of the Executive Committee, as Chief Executive Officer, and official spokesman of the Society. The President shall appoint all committees and serve as an ex-officio member of all committees.

- b. The VICE PRESIDENT - shall succeed to the office of President should a vacancy occur, shall preside in the absence of the President, and shall serve as co-chairman of the Executive Committee.
- c. The SECRETARY - shall serve as a member of the Executive Committee, and shall keep a record of the proceedings of the Executive Committee and the monthly meetings of the Society.
- d. The TREASURER - shall serve as a member of the Executive Committee, and shall serve as custodian of funds. The Treasurer shall keep a record of all members and any other records that pertain to the Society's funds, and shall have authority to disburse funds for postage, stationery, etc., without application to other officers or members. Other disbursements of funds that exceed \$100.00 shall be by majority vote of members present and voting at any regular or called meeting.
- e. The VICE PRESIDENT of PROJECTS - shall serve as a member of the Executive Committee, shall arrange for all field activities and any projects that include active membership participation.
- f. The PUBLICATIONS EDITOR - shall serve as a member of the Executive Committee, shall be responsible for publishing the monthly news letter and The LETTER, and shall be responsible for the publication of all the Society's activities, bulletins, and reports pertaining to archeology and related subjects.
- g. The CONSULTING VICE PRESIDENT - though not elected, shall be the immediate past president, and serve as a member of the Executive Committee.

#### Article IV MEMBERSHIP and DUES

Section 1. Any person over the age of eighteen (18) years who is interested in archeology or related subjects may become a member of this Society; age nine (9) through seventeen (17) with an adult membership.

Section 2. No person shall knowingly be admitted as a member of this Society whose sole objective is to collect Indian artifacts for show or commercial disposal.

Section 3. Dues of this Society, established by the Executive Committee, shall apply individually, but will include the spouse and any children under the age of eighteen (18). Dues shall be payable at the regular meeting in January of each year.

Section 4. Dues not paid by the 15th of March shall be considered delinquent and the member's name dropped from the rolls. Members so dropped may be reinstated upon payment of back dues.

Section 5. A member in good standing shall be a member who has satisfied the requirements for membership and is current in the payment of annual dues.

Section 6. Members may withdraw their membership by notifying the Secretary of the Society in writing.

#### Article V NOMINATIONS AND ELECTIONS

Section 1. Officers shall be elected every two (2) years at the November meeting.

Section 2. At the September regular meeting, a nominating committee shall be appointed by the President. This committee shall consist of three (3) members in good standing. The President shall be a non-voting member of this committee. It shall be the duty of this committee to nominate a candidate, with the candidate's approval, for each elected office. Additional nominations may be taken from the floor at the October meeting, provided that the nominees are members in good standing and have consented to the nomination.

Section 3. The slate of candidates shall be presented by the nominating committee to the general membership present at the October meeting. If there are no nominations from the floor, the slate of officers will be considered elected by acclamation. Should additional nominations be made from the floor, each officer will be elected by secret ballot by a 2/3 majority vote of the members present at the November meeting.

#### Article VI EXECUTIVE COMMITTEE

Section 1. The Executive Committee shall be composed of the President, Vice President, Secretary, Treasurer, Vice President of Projects, Publications Editor and Consulting Vice President.

Section 2. The committee shall have the power to transact necessary business between meetings, and shall report such transactions at the next regular Society meeting. The quorum of the committee shall be five (5) members, at least one (1) of whom is the President or Vice President.

Section 3. The membership has the right to remove any officer who fails to perform the duties of the office, by a 2/3 majority vote of the membership present at a regular or special meeting, provided that a written notice of the intention to remove that officer has been sent to the membership at least thirty (30) days prior to the meeting.

#### Article VII COMMITTEES

Section 1. All committees shall be established by the Executive Committee as deemed necessary, and shall appoint either three (3) or five (5) members for each committee established. A chair shall then be elected from within that committee.

Section 2. The purpose of each committee will be to recommend and advise.

Section 3. The Executive Committee has the right to remove, by majority vote, any chair or committee member who is negligent in the duties of that committee.

Section 4. Should any chair or committee member be unable to serve for any reason, the vacancy may be filled with an appointment by the President to serve the remainder of the term.

#### Article VIII FIELD SCHOOL

Section 1. A field school may be conducted when practical to train members of the Society in disciplined archeological techniques.

Section 2. A field school committee may be appointed by the Executive Committee, chaired by the Vice President of Projects, to make all announcements and arrangements regarding a planned field school. Field schools may be conducted as often as deemed necessary, or as requested by the members.

#### Article IX ETHICS

Section 1. A member may be expelled from the Society upon vote of the Executive Committee for violation of the terms and conditions of any of the Texas Antiquities Statutes as they exist or shall be hereafter amended or enacted, including, but not limited to:

- a. The practice of buying artifacts with the intent to sell them for commercial gain.

- b. The disregard of proper archeological field techniques.
- c. The willful destruction or distortion of archeological data.

Section 2. The Executive Committee shall serve as an Ethics Committee and shall be responsible for upholding the ethical standards of the Society.

Section 3. If a complaint is filed alleging a violation of the Texas Antiquities Statutes, it shall be processed in accordance with the Ethics Committee Guidelines for Disposition of Complaints.

Section 4. The Executive Committee, acting as the Ethics Committee, shall establish and amend rules for the disposition of such complaints.

#### Article X DISSOLUTION

Section 1. The assets of the Society shall be used only to accomplish the purposes specified in the Constitution and Bylaws of the Society and no part of such assets shall inure, or be distributed to, the members of the Society.

Section 2. Should the Society dissolve, any assets remaining shall be forwarded to an institution of archeological research.

Section 3. This article is in compliance with 501(c)(3) of the Internal Revenue Code.

#### Article XI RULES OF ORDER

Section 1. The latest edition of ROBERT'S RULES OF ORDER, NEWLY REVISED shall be the authority governing the meetings of the Society, Executive Committee, and committees, where not in conflict with the Constitution or Bylaws of this Society.

#### Article XII AMENDMENTS

Section 1. Amendments to the Constitution and Bylaws of this Society shall be made only at a regular monthly meeting, by a two-thirds (2/3) majority vote of members present. Written notice of any amendments must be mailed to all members at least thirty (30) days prior to that meeting.

MAY 1990 NEWSLETTER

The May meeting is scheduled for Thursday the 10th, to be held at the Texas College of Osteopathic Medicine (TCOM), 3500 Camp Bowie Street, Fort Worth (see maps on next page). We will meet in the Medical Education Building III, Room 110, which is on the ground floor. The meeting will start PROMPTLY at 7:15 P.M., so come early and get acquainted. Here is our format:

- \*\* 7:15 - Start meeting and introduce visitors
- 7:30 - Turn program over to guest speaker
- 8:40 - Short break
- 8:50 - Guest speaker continues
- Adjourn meeting and socialize

Our guest speaker for May will be Larry Banks. Larry is the Senior Archeologist for the U.S. Army Corp of Engineers, and will speak about Caddo archeology, with a particular focus on the Red River above the Great Bend. As a point of interest, TCAS has offered to sponsor the 1991 TAS Field School, which will be located along the Red River in the same general area. This gives our Society a special interest in Larry's visit. Due to the material to be covered, this session will last from two (2) to two and a half (2 1/2) hours, with a short break in the middle. For those of you that do not know Larry, or have not heard his talks in the past, don't miss this opportunity, for he is an excellent, knowledgeable speaker.

Larry is a friend and supporter of TCAS, and gives us as much of his time as he can. As the Senior Archeologist with the Corps, he has looked at sites and rocks for a long period of time. His latest publication, FROM MOUNTAIN PEAKS TO ALLIGATOR STOMACHS: A REVIEW OF LITHIC SOURCES IN THE TRANS-MISSISSIPPI SOUTH, SOUTHERN GREAT PLAINS, AND ADJACENT PARTS OF THE SOUTHWEST is being published by the Oklahoma Anthropological Society and is available now. It features many color plates, black and white photos and numerous figures and maps. The information it contains has been long awaited and should become a permanent fixture in the library of every lithic analyst and archeologist, both professional and avocational. Several copies will be available for viewing at this meeting.

Our thanks to DAS (Dallas Archeological Society) for the use of their flier regarding the April meeting at Richland College. Those of us that attended enjoyed the speakers (Larry Banks and Dr. Reid Ferring) very much, and learned a lot. We regret the inadvertent omission of credit for the flier in the April newsletter.

The field trip to Paint Rock, near San Angelo, is set for Saturday, May 12. Be sure to get the final details if you wish to go, as we need a head count for trip planning. Remember, Petroglyph is pecked into rock, Pictograph is painted on rock, and Hieroglyph is a symbol. No rain date has been set as of this writing.

## TARRANT COUNTY ARCHAEOLOGICAL SOCIETY

We will take a few minutes for last minute discussions of our newly revised Constitution and Bylaws at this meeting. If no involved questions arise, we will vote on it's adoption and place it into effect immediately. Due to the time that our guest speaker has requested, voting may be postponed until a later date if all questions cannot be answered.

Accolades to our Editor, Marvin Glasgow, for the many hours he spent revising and rewriting our new Constitution and Bylaws that was presented to the Executive Committee in March for approval. We need more dedicated effort like this from all our members to help our Society grow and become more visible, in a favorable way.

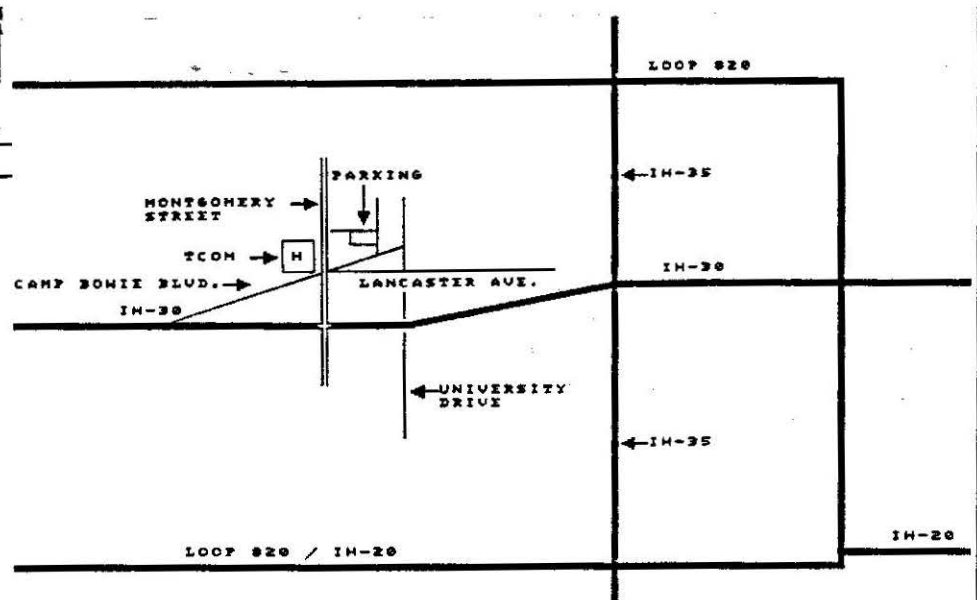

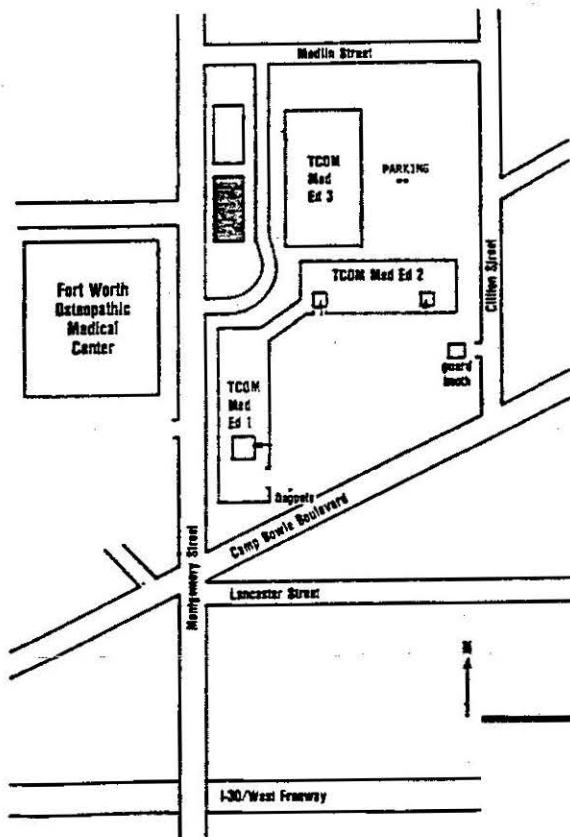

A Code of Ethics, created by our Editor, has been presented to the Executive Committee for evaluation. Once it has been approved by them, it will be made available to all our members. These will not only answer many of your questions about ethical behavior, but will also help guide you in your decisions regarding archeology.

Congratulations to Marvin and Becky Glasgow on becoming new grandparents on April 24. The 7 pound 12 ounce girl arrived on the scene at 2:00 A.M. Everyone is doing fine, grandma included.

## TARRANT COUNTY ARCHAEOLOGICAL SOCIETY

We look forward to meeting at our new location, TCOM. The parking lot is paved and lighted, the room is very nice with carpeted floors, padded seats, microphone for the speaker, and a large projector screen. TCOM is very centrally located for Tarrant County, and is easy to get to now that the West Freeway (IH-30) is open for Montgomery Street access. Montgomery Street is approximately two (2) miles west of downtown Fort Worth and crosses the West Freeway. Take the exit and go north past the TCOM Hospital, which will be on your left. Turn right at the next street (Modlin), go to the parking lot behind the Med. Ed. III building, on your right and park at the South end. Ignore the reserved signs, as that only applies during school hours (8:00 AM to 5:00 PM). Take the sidewalk between building II and III to the door into building III and follow the signs. Our meeting place is in the Medical Education Building III, Room 110, a mini-auditorium with a seating capacity of 75.

### JUNE 1990 NEWSLETTER

The June meeting is scheduled for Thursday the 14th, to be held at the Texas College of Osteopathic Medicine (TCOM), 3500 Camp Bowie Street, Fort Worth (see attached map and instructions). We will meet in the Medical Education Building 3, Room 110, which is on the ground floor. The meeting will start **PROMPTLY** at 7:30 P.M., so come early and get acquainted. Here is our format:

- 7:30 - Start meeting and introduce visitors
- 7:45 - Turn program over to guest speaker
- 8:45 - Announcements
  - Business Meeting
  - Adjourn meeting and socialize

Our guest speaker for June will be Dan McGregor. Dan is an archeologist for the U.S. Army Corp of Engineers and will speak about lithic resources in the Fort Worth and Dallas areas.

Many of our members will be absent from this meeting due to the TAS field school being conducted at the same time. Don't let this stop those of you that can not go to field school from coming to the meeting and supporting Dan. Your presence at our meetings not only support the guest speaker, but our Society also.

-----

Larry Banks, our speaker for May, presented an outstanding program. The slides that were

shown and the stories that he told will be remembered by many of us for a long time to come. There were 51 members and guests present to hear Larry. We appreciate his time and presentation, and look forward to having him again as our guest speaker.

-----

In planning ahead, the suggestion of a Society picnic has been brought to our attention. One possibility is to have it at the Pate Museum picnic area on Saturday, August 11, following our August meeting on the 9th. Members who so desire may come early and work at one of our nearby sites that morning. A tentative lunch time of 1:00 P.M. has been suggested. We would stop the field work between 12:00 and 12:30, and move to the shade for stuffin', restin' and relaxin'. Socializin' would definitely be included. Think about it and offer your suggestions at the June or July meetings. There is plenty of shade to picnic in, so lets plan on having a good turnout, and a good time.

-----

The trip to Paint Rock was made by 11 individuals that had a fantastic time. It was a clear day, with lots of sun and a breeze to keep us cool. We received a personal guided tour by Mrs. Kay Campbell, owner and heir to the bluff site. The brochures that she

gave us, plus the added commentary as we viewed the drawings, made this a very interesting and enjoyable trip. Those of you that did not go, lost out on a very good field trip. Photos and commentary will be on display at this meeting for you to see what you missed.

-----

Congratulations to David and Kathy Hartig, who became grandparents for a little girl on April 14. Weighing in at 8 pounds 5 ounces, she stretched out to 20 inches. Maybe this explains why Kathy was walking around at our May meeting with rocks in her pockets and a big smile on her face.

All members of other archeological and historical societies are always welcome to attend and/or participate in any TCAS activities.

AUGUST 1990 NEWSLETTER

The August meeting is scheduled for Thursday the 9th, to be held at the Texas College of Osteopathic Medicine (TCOM), 3500 Camp Bowie Street, Fort Worth (see maps on next page). We will meet in the Medical Education Building 3, Room 110, which is on the ground floor. The meeting will start PROMPTLY at 7:30 P.M., so come early and get acquainted. Here is our format:

- 7:30 - Start meeting and introduce visitors
- 7:45 - Turn program over to guest speaker
- 8:45 - Announcements
  - Business Meeting
  - Adjourn meeting and socialize

Our guest speaker for August will be Jimmy Smith. Jimmy is the regional steward for the Office of the State Archeologist, Texas Historical Commission. He will speak about the 1990 TAS Field School that was held this past June in Utopia.

Some of our members may be absent from this meeting due to summer vacations. Don't let this stop you from coming and supporting Jimmy. Your presence at our meetings not only support the guest speaker, but our Society also.

-----

Many thanks to Duane Peter, our guest speaker for July, who presented a very interesting and informative program on the

significance of the late prehistoric occupation of Mt. Creek (Joe Pool Lake area).

-----

Our Society picnic will be held at the Pate Museum picnic area on Saturday, August 11, which follows our August 9th meeting. Bring your own "fixins'" and we will all eat together. Soft drinks and ice will be provided. Those members who so desire may come early and work at one of our nearby sites that morning. A tentative lunch time of 1:00 P.M. has been suggested.

We will stop the field work between 12:00 and 12:30, and move to the shade for stuffin', restin' and relaxin'. Socializin' would definitely be included. There is plenty of shade to picnic in, so lets plan on having a good time, and a good turnout.

- 7:45 - Turn program over to guest speaker
- 8:45 - Announcements
  - Business Meeting
  - Adjourn meeting and socialize

Our guest speaker for September will be James Everett, one of our members and also a member of the TAS Field School Committee. His subject: "The Mesa and beyond. A discussion of an Anasazi pueblo ruin, and rock art."

This pueblo ruins site in New Mexico is being worked by members of both DAS and TCAS.

Many thanks to Jimmy Smith, our guest speaker for August, who presented a very interesting and informative program on the 1990 TAS Field School that was held this past June in Utopia.

Our Society picnic, held at the Pate Museum picnic area on

Saturday, August 11, was a big success. Those of you that were not able to attend missed out on a good time. Everyone seemed to enjoy themselves, including the children.

## Last Call for Papers

The 1990 Texas Archeological Society Annual Meeting will be hosted in Dallas, Texas, by the Dallas Archeological Society on October 26-28. Symposium proposals and abstracts for individual papers must be submitted no later than September 15, 1990. Abstracts should be typed and no longer than 150 words. Please note any specialized equipment needs. Presentations will be limited to 15 minutes unless included within a special symposium format.

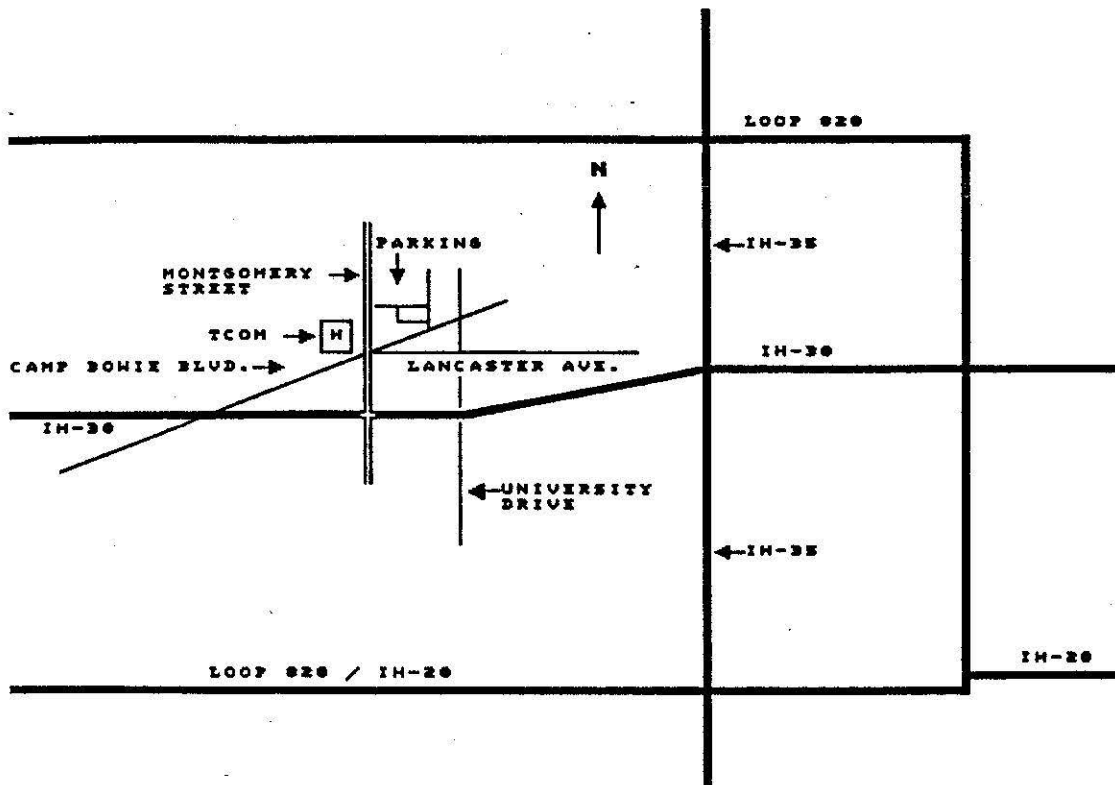

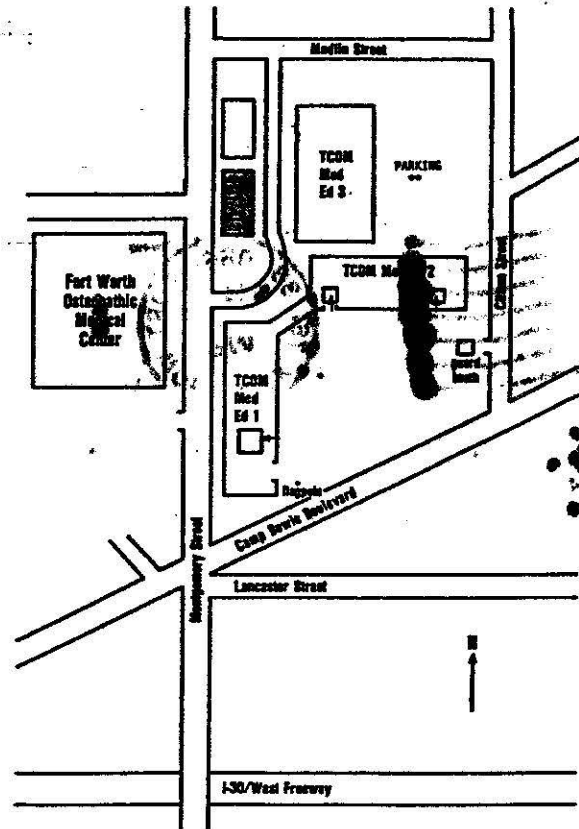

A special workshop/symposium "Archeology and Education: New Ideas for Teachers" will be held Saturday from 9:30 am to 5:00 pm. Papers for the symposium, which will be presented in the afternoon, should be 20 minutes in length and illustrated with slides, if possible. The purpose of this symposium is to share model pre-collegiate programs such as found in schools, museums, and summer programs. For additional information about this symposium only, contact Pam Wheat, 1901 Bolsover, Houston, TX 77005.

**Abstracts for all papers should be sent to:**

OCTOBER 1990 NEWSLETTER

The October meeting is scheduled for Thursday the 11th, to be held at the Texas College of Osteopathic Medicine (TCOM), 3500 Camp Bowie Street, Fort Worth (see attached maps). We meet in the Medical Education Building #3, Room 110, which is on the ground floor. The meeting will start PROMPTLY at 7:30 P.M. Come early and get acquainted.

Here is our format:

- 7:30 - Start meeting and introduce visitors
- 7:45 - Turn program over to guest speaker
- 8:45 - Announcements
  - Business Meeting
  - Adjourn meeting and socialize

Our guest speaker for October will be Dan Prikryl, the Texas State Historical Commission Archeologist. His subject: "The prehistory of the Lower Elm Fork of the Trinity River."

Many thanks to James Everett, our guest speaker for September, who presented a very interesting and informative program on The Mesa. There were new slides that added a lot to his presentation, especially of the rock art. James' presentations are always excellent, and this was no exception.

Mark your calendars. The TAS Annual Meeting will be held in

Dallas this year. The dates are October 26-28, and will be at the Colony Parke Hotel, 6060 N. Central Expressway. Plan on attending to show support for the TCAS booth and display.

Be sure to attend the October meeting. It is time to elect new officers, who will be in office for two years. The nomination committee will present their recommendations at this meeting and then we will accept nominations from the floor. Election will take place in our November meeting, with the new officers taking office in January. If you want to nominate someone, be present in October. If you want to vote, be present in November.

Salvage work is now under way at the Carr Site, near Azle. We are trying to do as much as we can on the weekends, as this site will be destroyed, starting in November. All available members are invited to help. Contact Mike Shannon or Bret Williamson for more information.

The November meeting is scheduled for Thursday the 8th, to be held at the Texas College of Osteopathic Medicine (TCOM), 3500 Camp Bowie Street, Fort Worth (see attached maps). We meet in the Medical Education Building #3, Room 110, which is on the ground floor. The meeting will start PROMPTLY at 7:30 P.M. Come early and get acquainted.

There will be a potpourri of speakers at this meeting. Jim Everett will speak about the 1991 Field School, and others will report on the Chambers Site, the Pate Site and the Carr Site.

Many thanks to Dan Prikryl, our guest speaker for October, who presented a very interesting and informative program on the prehistory of the Lower Elm Fork of the Trinity River.

Mark your calendars. It's time to make plans for our annual Christmas Party. Any volunteers to have the party at their home? Last year there were 28 who enjoyed the party, and more should come this year. The White Elephant gifts are always a lot of fun, so bring another this year. Some very interesting gifts appear at

these parties. Make your plans now to attend, and be prepared to enjoy yourself. Saturday, December 15, has been suggested as our party date.

Be sure to attend this meeting. It is time to elect new officers, who will be in office for two years. The nominations were made in October, and voting will take place at this meeting. The new officers will assume office on January 1st. If you want to vote, be present on November 8.

**FEBRUARY 1991 NEWSLETTER**

The February meeting is scheduled for Thursday the 14th, to be held at the Texas College of Osteopathic Medicine (TCOM), 3500 Camp Bowie Street, Fort Worth (see attached maps).

We meet in the Medical Education Building #3, Room 110, which is on the ground floor. The meeting will start **PROMPTLY** at 7:30 P.M. Come early and get acquainted.

\* \* \* \* \*

Our guest speaker for February will be Skipper Scott, an archeologist for the Corp of Engineers. He will talk about archeology on Corp of Engineers lakes.

\* \* \* \* \*

Our thanks to Jim Rivers, our speaker for January. His talk on Cyprus archeology was very interesting.

\* \* \* \* \*

The time has come to pay the 1991 annual membership dues. If you have not already paid, please bring your payment and the membership form sent out in December to this meeting. If you cannot attend this month, please mail your completed form and your check to our P.O. box.

**DON'T FORGET TO SIGN THE FORM.**

\* \* \* \* \*

Salvage work is on hold at the Carr Site, near Azle. We will probably wait until March to start working the site again. Once we restart, all available members are invited to help. A mammoth has been discovered there and is in the process of being excavated. Your help will be much appreciated. Contact Mike Shannon, Bret Williamson or Johnny Byers for more info.

\* \* \* \* \*

The Chambers Site report is now published and available at a cost of \$8 each. Be sure to pick up a copy and help support our Society's publication efforts.

\* \* \* \* \*

A transit has been made available to the society for a cost of \$300.00. A vote needs to be taken at this meeting on whether to buy it or not. Please be present to voice your opinion and cast your vote.

\* \* \* \* \*

All members of other archeological and historical societies are always welcome to attend and/or participate in any TCAS activity.

TEXAS ARCHEOLOGY AWARENESS WEEK

APRIL 13-19, 1991

SHARE IN THE PAST

Join in protecting our archeological and historic sites. Texas' heritage is rich in cultural diversity as represented by the numerous archeological and historic sites within our State. Preservation of Texas' prehistoric and historic archeological sites offer significant cultural, educational and economic benefits to all citizens. Each archeological and historic site is a unique and irreplaceable part of Texas history. Knowledge and understanding of our past is threatened by intentional and unintentional destruction. Many professional and avocational archeologists and other citizens and organizations strive to preserve and protect Texas' archeological and historic sites. The Texas Historical Commission, Texas Archeological Society, Council of Texas Archeologists and the Texas Historical Foundation have joined with museums, local archeological societies, county historical commissions and other preservation groups to promote public awareness and involvement in protecting these significant cultural resources. Archeology Awareness Week offers an opportunity for all citizens to reflect on Texas' unique legacy and the contributions archeological investigations offer in interpreting and understanding our past.

## SHADES OF GRAY

Things aren't either black or white. There are all shades of gray.

Last June at the TAS Field School, a young man asked me about some "arrowheads" he had. I spent quite some time telling him about the artifacts, giving him literature, and talking about the importance of documenting finds. The conversation included a statement from him saying that he had come home to the ranch, because he couldn't find work in the city, and that he sure would like to sell these points so he could take his girlfriend to the movies. Unknown to me, one of the professional archeologists had overheard the conversation and told me later that I had done a very good job of trying to explain our goals and objectives.

In another part of the state, a very conscientious young man, who is trying to learn about artifacts and who catalogs his artifacts to the best of his ability asked, - "Do you think any of these arrowheads are good enough to be photographed and put in a book?"

Not long ago another young man drove a couple of us across ranch country. He wanted to know where, how, and what Indians did in his part of the country. Was he interested in "goodies?" No! Just interested in learning about prehistory.

How did many of us develop our interests in archeology? I know a number of well-known,

well-respected professional archeologists (I won't tell your names, guys) who began their "careers" as "arrowhead collectors." Archeology would have lost much had these professionals not gotten inspiration from their finds.

Technology today seems almost to have produced sterile sciences, forgetting personal and personable factors. Archeology like medicine and many other sciences has changed tremendously during the past few years. Looking back, where would medicine be today, if it weren't for the pioneers in the field, working to the best of their knowledge and ability to improve the treatment of disease? Where would archeology be today, if it weren't for the observations and recordings of pioneers in the field?

I certainly am **NOT** ignoring the commercial aspect of buying and selling of artifacts for profit by any manner or means. Unfortunately, there is much destruction for profit, which is **DEPLORABLE!**

Many collectors have been eager to learn about their artifacts and have been willing to share their knowledge with anyone interested. Is the attitude of some people making them reluctant to share and is it scaring them "underground?"

How are we going to interest and **EDUCATE** children and adults with regard to preservation, protection, and understanding of the past, if

we have an either-or attitude?

There are all shades of gray.

Ruth Ann Ericson  
President  
Dallas Archeological Society

Reprinted from the IN SITU  
Vol.3 No.4 April 1991

Ruth Ann has hit the proverbial nail on the head. There are many shades of gray in every day of life, especially in the archeological field. This computer has the ability to display 64 shades of gray, and I am not sure that I can see all of them. All to

often we think that everyone should see things our way and feel the way we do. It's as if we believe our way of thinking is the only way. Thank God that is not the way life is. We are all individuals that can see most of those 64 shades of gray, and live daily among them. Trying to push individual ideas on humanity only creates dissent among society, and archeological societies are no different. Our goal is to try to Educate the public, not slap them on the back of the hand every time they do something we don't agree with. We are in a way like Christianity - we want to convert them, not chastise them.

JUNE 1991 NEWSLETTER

There will not be a June meeting due to the 1991 TAS Field School, which we are sponsoring. It is scheduled to start on Saturday, June 8th, and continue to the 15th. The F.S. will be held in Red River County at the Sam Kaufman Site. Camping will be in Idabel, Oklahoma, approximately 23 miles away.

\* \* \* \* \*

We extend our thanks to Dr. Jim Bruseth, guest speaker for the May meeting, held in Dallas. His talk about the 1991 TAS Field School was both informative and interesting. Many of us are looking forward to being there.

Don't forget - workers are still needed to help with camp activities at Field School. This help will not interfere with your regular Field School activities. It is just to help the staff for a short period of time each day. If you are willing to help, or if you have questions, call one of the following:

In July, we will return to our regular meeting schedule at the TCOM facilities. Start making plans now to get involved with the Pate Site. Due to the heat, we will probably only work half days, depending on how hot it gets and how much work can be done in the shade. Fortunately, a lot of the site is in the shade.

Our thanks to all of those that attended Field School, and especially those that gave of their time to help with camp activities. Many spent days working in the camp - doing manual labor, administrative work, etc. - and not at the sites, in order to make everyone's stay in camp much more enjoyable. Mike Shannon and Jerry Grubis spent several days working from daylight to dark to make repairs and adjustments to the facilities in the fairgrounds. Their efforts really made a difference for several hundred people. Bryan Jameson, Jim Blanton, Marvin and Becky Glasgow spent the entire time in camp taking care of administrative activities, with no chance to "dig in the dirt."

For those that were not able to be there, 534 attended the 1991 TAS Field School, plus another 63 invited guests. This was a real surprise for the TAS staff - it broke a field school record.
