III. DISCUSSION ITEMS

- A. Unincorporated Tarrant County Survey - project phases/new survey plan
- Discussed oddities in survey area (i.e. 1800s home relocated and additions) and decided if there are any oddities like this, we will make many notes in the GIS fields to record history and concerns, and leave them to consider for the future survey. This will allow us to get perspective on these types of properties from professionals in the future.
 - Discussed desire to see if our GIS map can be more user friendly with sorting etc., such as to see all bridges and nothing else.
 - Archives has a volunteer who started earlier in the week, who is working on adding the 1980s TC survey reference images to the GIS map. A desire for images on these points has been expressed by community members.
- a. Survey of mobile homes
- Reviewed discussion of mobile homes and how to review them in regards to the survey.
- B. Project Ideas

- It seems worthwhile for the group to have other projects happening while we take the time to conduct the desktop survey. These could be group projects or individual projects that support historic preservation work.
- Bill is planning to conduct history listening sessions at local libraries as part of his work on the TC Historical Commission and with those committee members.
- Ann expressed interest in researching and beginning the conversation around deconstruction of historic homes instead of demolition in Tarrant County.

VI. ADJOURN

- A. Meeting was adjourned at 1:40 pm
