Message to Tarrant County Precinct Four

Howdy Northwest Neighbors,

As we welcome the cooler fall weather and the approaching holiday season, it's a great time to share the incredible progress happening right here in Northwest Tarrant County.

Recently, our office hosted a special public meeting alongside our partners from the City of Fort Worth, TxDOT, and the North Central Texas Council of Governments to share updates on the Bonds Ranch Corridor Project. This important initiative spans from FM 1220 (Boat Club Rd.) to Highway 287 and includes widening Bonds Ranch Road, adding new traffic signals to improve safety, and eliminating all rail crossings through two planned grade separations. This collaboration and rapid progress illustrate the power of partnership among local and regional agencies. We are proud to be delivering on our promise to build roads and infrastructure before thousands of new rooftops come to this area.

We're also making incredible progress on the \$16 million design for the reconstruction and widening of Boat Club Road. Our team is full steam ahead on engineering the needed improvements and right-of-way requirements to ensure the roadway meets our community's growing needs. We look forward to sharing updates in an upcoming public meeting and hearing your valuable feedback.

Finally, I'd like to invite you to join us for our annual Precinct 4 Fish Fry on Thursday, October 30th! Enjoy great food and fellowship—all for an incredible cause benefiting the Veterans of Tarrant County. More details can be found in the flyer later in this newsletter.

It remains my honor to serve as your County Commissioner. As Tarrant County continues to grow and strengthen its reputation as one of the best places to live, work, and raise a family, our mission is clear: to uphold the highest standards of public safety, deliver quality infrastructure, and preserve the exceptional quality of life that makes our community so special.

Respectfully,

Manny R. Ramirez
Commissioner
Tarrant County, Texas

Bonds Ranch Road - Corridor

As mentioned by the Commissioner, on October 6th, Tarrant County, along with our partners: City of Fort Worth, North Central Texas Council of Government, and Texas Department of Transportation, hosted a public meeting about the Bonds Ranch Road Corridor Project. The six-part plan will aim to ease traffic congestion and improve safety. Over 150 residents learned plans about the project that will widen the road from two lanes to four lanes between Boat Club Road and U.S. 287 while eliminating all at-grade rail crossings.

Segment 1: Expands Bonds Ranch Road from two lanes to four, adding a raised median, new traffic signals, lighting, and continuous sidewalks for improved safety and capacity.

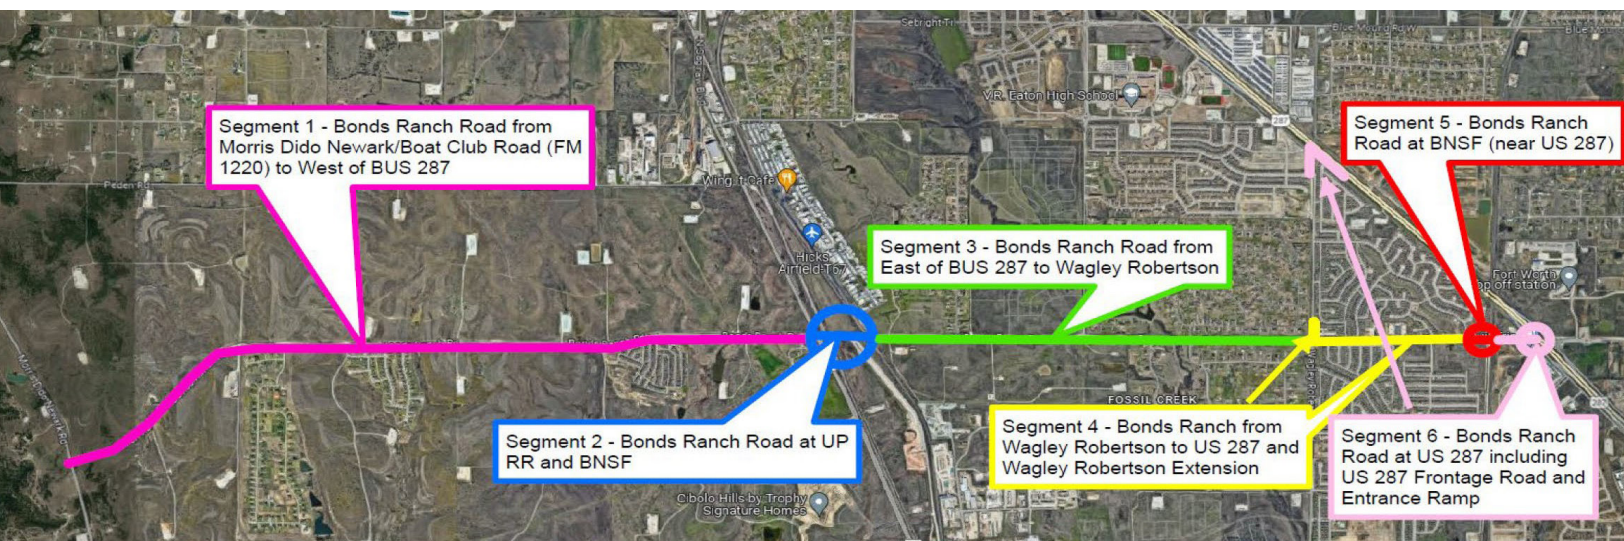

Segment 2: Constructs a grade separation over two active rail lines to improve mobility and eliminate traffic delays caused by train crossings.

Segment 3: Widens the roadway from two lanes to four, including a raised median, new signalization, lighting, and pedestrian sidewalks for safer access and flow.

Segment 4: Continues the widening project and opens the Wagley Robertson intersection to northbound traffic, improving connectivity and access for residents and commuters.

Segment 5: Builds a grade-separated crossing to eliminate an at-grade rail crossing, enhancing safety and travel reliability.

Segment 6: Implements breakout improvements tied to the broader Highway 287 project, adding new entry and exit points to support Segment 5 construction and removing existing roundabouts to streamline traffic flow.

Highlights from Precinct 4

Commissioner Ramirez had a fantastic time cutting the ribbon at the new JPS Health Network and Cook Children's Las Vegas Trail Health Clinic. This development marks a generational opportunity for Las Vegas Trail. It will improve the quality of life, provide lifesaving resources, and educate an entire community. This investment proves that anything is possible with vision and creative public/private partnerships.

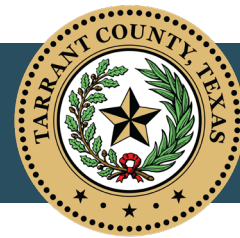

JPS Health Network
Fort Worth, Texas

The Commissioners Court proclaimed the week of September 16th, 2025, as Tarrant County Co-Responder and Crisis Responder Week. This annual proclamation highlights the critical partnership between local police agencies and the Tarrant County Law Enforcement Liaison Project, which pairs licensed professionals with officers to effectively assist individuals in crisis. The collaborative efforts of these dedicated teams not only enhance public safety but also foster compassion and understanding in addressing mental health challenges within our communities.

Commissioner Ramirez welcomed Governor Greg Abbott to Northwest Tarrant County to discuss our region's rapid growth and the importance of cutting red tape and unnecessary regulations.

On an August morning, a 10 foot 1 inch alligator was captured and removed from Eagle Mountain Lake!

Thank you to our Eagle Mountain Lake neighbors and the Texas Parks and Wildlife personnel for safely relocating this alligator to the Fort Worth Nature Center and Refuge!

Commissioner Ramirez was privileged to host a proclamation for 2025 National 4-H Week in Tarrant County.

Our 4-H, FFA, and Ag organizations are a cornerstone of our Northwest Tarrant County communities. Their impact has undoubtedly created a better future for Tarrant County and all of Texas. We will always support and invest in our future farmers, ranchers, and community leaders.

Employee Spotlight

Meet Glen Johns, Equipment Operator for the Precinct 4 Maintenance Facility

Glen Johns is set to retire on November 30, 2025, after an impressive tenure of over 30 years with Tarrant County Precinct 4. He began his career at the Maintenance Facility as an Equipment Operator I and steadily advanced to the esteemed role of Equipment Operator IV, demonstrating his exceptional abilities and commitment. Glen is always willing to assist his colleagues when asked and possesses a diverse skill set, including the ability to fabricate parts as needed.

In the later stages of his career, Glen took on the responsibility of managing the Labor Detail program.

His approachable demeanor and visionary thinking have played a pivotal role in enhancing the effectiveness and success of this initiative. We commend Glen for his valuable contributions and wish him all the best in his future endeavors.

Triple Crown Champion Zaylyn Woods of Azle, TX Takes Wrestling by Storm

Zaylyn Woods, a freshman wrestler at Azle High School, has quickly made a name for herself by winning three national titles in the girls 14-under division since late last year. Coming from a family of mixed martial arts fighters—her mother and stepfather are former UFC competitors Mark and Montana De La Rosa—Woods has showcased her talent across various wrestling styles, including freestyle, Greco-Roman, and folkstyle.

Her impressive victories include the Brian Keck Memorial Preseason Nationals in Iowa (120 pounds), Kids Folkstyle Nationals in Indiana (115 pounds), and Women's Nationals in Washington (120 pounds). “Winning the first title builds confidence and makes me want to work harder for the next,” Woods said, reflecting on her accomplishments.

With aspirations for state championships in high school, national titles in college, and possibly the Olympics, Woods embodies determination and ambition. She expressed excitement about joining the Lady Hornets, a renowned program that recently finished third at the Class 5A state tournament.

Tarrant County, Precinct Four, is proud to support young athletes like Zaylyn, who exemplify hard work and dedication. Coach Tyler Harrison believes Woods can add to the team's legacy of success, and Woods acknowledges the support of her family and coaches in her journey. As the wrestling season approaches in November, all eyes will be on this promising athlete as she aims to shine as a Lady Hornet.

Community Spotlight

Gold Star Mothers and Families Day A Tribute to Sacrifice and Resilience

Gold Star Mothers and Families Day is observed annually on the last Sunday of September, dedicated to honoring the families of service members who have lost their lives while serving in the United States Armed Forces. This day is a time for reflection, gratitude, and recognition of the profound sacrifices made by these families, who bear the weight of unimaginable loss.

The term “Gold Star” originates from World War I, when families displayed a service flag with a blue star for each family member serving in the military. If a service member died in the line of duty, the blue star would be replaced with a gold star, symbolizing their ultimate sacrifice. Today, Gold Star Mothers are specifically those who have lost a son or daughter in military service, while Gold Star Families encompass parents, siblings, and other relatives who have experienced this profound loss.

*Navy Petty Officer 3rd Class
Paul J. Stock*

Each Gold Star family has a unique story of bravery and sacrifice. We are honored to have a citizen of Precinct Four who actively serves and contributes to the community while honoring her son's legacy. Carla Wicks, a Gold Star Mother and USAF Vietnam-era Veteran, whose son, Navy Petty Officer 3rd Class Paul J. Stock III, lost his life at the age of 21 while serving his country. Carla's dedication to honoring her son's legacy through service with various Veteran Service Organizations, both local and nationwide, exemplifies the strength of Gold Star families.

As a community, it is essential to support Gold Star families, acknowledging their loss and recognizing their resilience. This can be done through participation in local events, volunteering with organizations that assist veterans and their families, or simply reaching out to offer support and understanding.

Gold Star Mothers and Families Day is not just a day of mourning; it is a celebration of courage, love, and the unbreakable bonds that endure even in the face of loss. As we observe this day, let us remember the sacrifices made by our service members and the families they leave behind, ensuring their legacies live on in our hearts and actions.

Peden-Tinsley Connector Road Update!

Construction on the Bonds Ranch Corridor began earlier this year by our Precinct 4 Road & Bridge crews. Their hard work and dedication have driven tremendous progress on the project, with visible improvements taking shape each week. Thanks to their efficiency and commitment to quality, the roadway remains on schedule and is expected to be opened to traffic before the end of the year.
