

Tarrant County, Texas
Updated 08/16/2022

Substantial Amendments to the 2020 Annual Action Plan for HUD Care’s Act funding

Background: Tarrant County’s Annual Action Plan details the funding strategy for the Community Development Block Grant (CDBG), Emergency Solutions Grant (ESG), HOME Investment Partnership, and other emergency grants each year. These Annual Action Plans implement a jurisdiction’s Five-Year Consolidated Plan and are developed through significant public input, analyses, and planning. The County’s Citizen Participation Plan (CPP) describes the efforts that the County will take to encourage its residents to participate in developing these plans. It also provides requirements for public process when a “substantial amendment” to the Annual Action Plan is proposed.

The following changes constitute a substantial amendment and require public notice as described in the CPP, unless waived under a HUD Notice:

- Increases or decreases by the greater of \$100,000 or a 25% change in the amount allocated to a category of funding
- A significant change to an activity’s proposed beneficiaries or persons served
- Funding of a new activity not previously described in the Action Plan Proposed Substantial Amendment

Public Process: Tarrant County will publish a public notice in the Commercial Recorder as part of the CPP requirements. Unless waived, a public hearing will be held with each amendment required to provide opportunities for public comment during Tarrant County Commissioner’s Court.

NOTE: Waiver in HUD Notice CPD 21-08 F. 2. b. “ESG-CV funds ... are not subject to the consultation and citizen participation requirements that otherwise apply to the Emergency Solutions Grants program, including the requirements under 24 CFR 91.100, 91.105, 91.110, and 91.115. However, as required by the CARES Act, each recipient must publish how it has used and will use its allocation, at a minimum, on the Internet at the appropriate government website or through other electronic media.”
