

NOTICE

from

Tarrant County Clerk

MARY LOUISE NICHOLSON, COUNTY CLERK

EFFECTIVE: October 10, 2021

The clerk's office is currently transitioning to a new eFile reviewer tool as required by the State eFiling vendor due to the deprecation of Silverlight. This may result in delays in processing filings while we adjust to the new system. This transition will **NOT** impact the file stamp time received. We thank you for your patience as we transition.

Attorneys should also be aware that the Silverlight version of the State provided EFSP will also be deprecated on 10/10. Attorneys can use the [new State provided EFSP](https://efiletexas.gov/service-providers.htm), or can select from other EFSPs by visiting <https://efiletexas.gov/service-providers.htm>
