### **FREE Mediation Training**

Receive the 40-Hour Basic Mediation Training at no cost when you commit to completing five in person mediations for the county.

Family and CPS Mediation Training is also available at no charge for DFW family law attorneys. Tarrant County Family Courts require Dispute Resolution to use attorney mediators for family cases; for this reason, the county will fully cover training costs for family law attorneys who agree to mediate five cases for the county.

### **\$700 Private Practice Track**

If you're seeking mediation training for private practice, you can enroll through Tarrant County Dispute Resolution. The \$700 fee is paid directly to MESA Dispute Resolution, our training partner. This Zoom-based program is open to mediators statewide with no requirement to mediate for the county.
