

Possession Orders Research Guide

Overview

This research guide includes information and resources for child possession orders in Texas. The standard possession schedule includes the first, third, and fifth weekend for visitation of the noncustodial parent, but for people who needs alternatives, there are other types, such as modified, supervised, and possession orders when the child is under 3 years of age. The resources listed below are not exhaustive and may not include the most up-to-date information. It is for information purposes only and should not be construed as legal advice or act as the substitute for legal counsel.
