

Serving Court Documents Research Guide

Overview

This research guide includes information and forms on serving court documents to other parties involved in a court case in Texas. To serve someone is “to make legal delivery of (a notice or process)” or “to present (a person) with a notice or process as required by law.” (*Black’s Law Dictionary*, 11th ed.) Some international service information is also included. This research guide is not exhaustive and may not have the most up-to-date information. It is for information purposes only and should not be construed as legal advice or act as the substitute for legal counsel.
