

U.S. Constitution Research Guide

Overview

This research guide includes information and resources on the U.S. Constitution. A constitution is defined as the fundamental and organic law of a country or state that establishes the institutions and apparatus of government, defines the scope of governmental sovereign powers, and guarantees individual civil rights and civil liberties; a set of basic laws and principles that a country, state, or organization is governed by. (*Black's Law Dictionary, 11th edition*) The resources listed below are not exhaustive and may not include the most up-to-date information. It is for information purposes only and should not be construed as legal advice or act as the substitute for legal counsel.
